INVASION MAY BE UNDER WAY

Censorship Without Parallel in History of United States Keeps Border Movements Secret

RUMORS OF CROSSING HEARD

May be Weeks After Troops Invade

Mexico Before Details Will be Made Known

AERO SQUADRON ARRIVES

Carranzista Soldiers Evacuate Palomas, Six Miles From Border, Leaving 40 as Guard.

BULLETIN.

(By United Press.)

San Antonio, Texas, March 15.—General Funston says Colonel Dodd may have crossed the border.

El Paso, March 15.—Military censorship unparalleled in American history gripped the Mexican border so closely today that none but army officers know whether the invasion of Mexico has begun.

Rumors from scores of points said the expedition had started but they could not be confirmed.

Telephone and as well as telegraph lines were in the hands of General Pershing's censors.

Censored reports from Columbus told of establishment there of a base of operations. Railroad switches and bridges were being constructed. Troop movements were not mentioned. The aero squadron from San Antonio arrived for its first test under conditions of warfare.

The United Press staff correspondent at Columbus was permitted to telegraph today that it will be perhaps a week before he goes in with the troops before the censor will permit him to send details.

Carranzista today evacuated Palomas, six miles from the border, leaving forty soldiers as guard. This statement of the Mexican consul seemed to refute directly the rumors that the expedition has crossed the line, unless the de facto government has decided to resist American invasion.

SENATE FAVORS INCREASE

Votes Unanimously to Raise Army to 100,000 Men.

(By United Press.)

Washington, March 15.—The senate this afternoon unanimously adopted the Hay-Chamberlain resolution for immediate increase of the regular army to 100,000 men. Hoke Smith who proposed a two-year enlistment instead of four years made the only fight on the measure. Unlimited debate was enjoyed.

All Washington today anxiously awaited the first news from the Mexican battleground. The American punitive expedition was supposed to be moving.

Blinded by the rigid border cen-

HAVE NOT SPIRIT TO GUIDE THEM

Many Churches Are Powerless Because They Are Not Led by Holy Spirit, Pastor Says

SERMON BY W. M. WHITSITT

Terrible Thing That Many Hear And Reject Truth so Often That They Become Hardened

Many churches as well as many church members are powerless today because they are not guided by the holy spirit, was the thought of the sermon preached at the St. Paul's M. E. church revival last night by the pastor, the Rev. W. M. Whitsitt. For his text, the Rev. Mr. Whitsitt read the fifty-fifth chapter of Isaiah basing his sermon on the following: "And the spirit and the bride say, come and let him that heareth say come. And let him that is athirst come. And whosoever will let him take the water of life freely."

"Jesus said," declared the pastor, "Howbeit when he, the spirit of truth, is come, he will guide you into all truth. We are lead to believe that the dispensation of the holy spirit did not cease with the Pentecost, but that we live in it today. But many churches today are powerless because they are not led by the holy spirit. Many in the churches are without power and the world doesn't know whether they are members of that church or not because they have not the spirit to guide them into all truth."

"The holy spirit is not only calling those outside of the church but those who are in the church. The words we speak and the things we do are given power and influence by the holy spirit. When we stand up and preach and teach the holy spirit applies our words to the hearts of our hearers. It is possible for one to reject the holy spirit until He has no power over him."

"Sometimes we go through so much formality in a service that our whole thought is on it and the holy spirit has no chance. All parts of a service should prepare hearts for the work of the holy spirit. It is an awful thing that many hear and reject the truth over and over again until they become hardened and heedless of the truth."

"The spirit calls men. The church calls—if it isn't calling men it isn't doing its duty. The church that isn't missionary and evangelistic will die. The individual christian who doesn't work at his job will lose out. Some people think they have a free ticket when they join church and pay a little."

"Religion is one of the most common sense things I know of. If a man is interested in a town he'll boost it; if a salesman is interested in his goods he'll boost them; you and I should have enough interest in the church that we will work. Our own denomination was born in the midst of a revival and it has been leading in revival effort—when it fails to promote evangelism it will lose its candlesticks. Jesus Christ plan for saving Rushville is for His people to call men and bring them to Him. Go out and talk to your neighbors about business and your daily tasks and they'll believe you. Go out in the same way and talk to them in the same way about Christ and they'll believe you and have the same confidence as when you are talking on any other subject."

"If a church does not draw, a pastor and a few others can not get men in. Some churches are looking for a minister who will draw well and many ministers are wanting a

HOPE TO MAKE A VERY LARGE SUM

Shakespeare Club Will Add \$125 to Visiting Nurse Fund if Reading is Patronized.

EXPENSES TO REACH \$67.85

Possible to Get Jeannette Kling For About Half Sum She Usually Commands For Appearance.

If the recital of the modern drama, "Across the Border," at the Graham Annex auditorium next Monday evening by Jeannette Kling is properly patronized, the Shakespeare club under whose auspices the affair will be given, hopes to add a large sum to the visiting nurse fund. It was arranged as a benefit for this purpose.

According to a statement by Miss Katherine Petry, president of the club, the expenses will amount to only \$67.85. This is unusually low because the club was able to get the talented reader for \$50, which is about half the sum she commands for such engagements. This saving was accomplished because the club accommodated itself to a date that fitted into Miss Kling's schedule and because of the purpose of the affair. She was in hearty sympathy with the project and readily agreed to the reduction. The club made the contract direct, thus saving bureau's commissions.

If the auditorium is filled, the club has figured out that the recital should make \$125 for the fund. Tickets are selling at twenty-five cents each and there are no reserved seats. The doors will be open at 7:30 o'clock and the program will begin promptly at 7:45; it is announced.

Members of the program committee of the Rush county chautauqua say Miss Kling is one of the most talented, capable readers on the Lyceum platform. The committee has had her under consideration for a place on the chautauqua program. She was with the Lincoln chautauquas last season and has been re-engaged for next season.

Jeannette Kling is recognized as one of America's most brilliant and successful readers. Her success is due no less to her personality than to her ability. Critics and press unite in conceding her all the qualities requisite for the artist—talent, grace, beauty, and originality that is refreshing and a versatility that is remarkable. Thus, nature, training and experience make her capable of swaying an audience.

Miss Kling's engagements have taken her repeatedly from coast to coast, and from lakes to gulf, and no greater proofs of her artistic worth can be had than her record of being engaged to appear again and again, giving as many as twelve recitals in one city. The following are a few of the many cities in which she has appeared from two to twelve times: San Francisco, Philadelphia, Pittsburgh, Cincinnati, Chicago, St. Louis, Detroit, St. Petersburg, Florida, Lexington, Ky., Valdosta, Ga., Montgomery, Ala., Memphis, Tenn. This list might be extended almost indefinitely.

Miss Kling has given five entire programs at the greatest Chautauqua in the country—Chautauqua, N. Y. A. E. Bestor, one of the directors, wrote to her: "It is a rule of the Institution that its officers shall not write endorsements for persons who appear on their platform, but I am glad to say that on every hand, I heard expressions of approval and appreciation of the programs which you gave."

Miss Kling is an official representative

INDICATES HAYS IS NOT CANDIDATE

TWO RUNAWAY BOYS FROM HOME ARE CAUGHT HERE

Milton Litton and William Young, about fourteen years old, ran away from the Soldiers' and Sailors' Orphans' Home this side of Knights-town yesterday afternoon and walked to this city. They went to the home of Mrs. Chase Pearsey in North Spencer street, where the Litton boy stayed while the Home band played for the fall festival and horse show here last fall. Mrs. Pearsey called the Home by telephone and Miss Gregory, a teacher there, came after them this morning.

INSPECT A BRICK ROAD AT PARIS, ILL.

County Commissioners And Highway Superintendent See Highway Built by New Method

BRICK LAID IN CONCRETE

P. A. Newhouse, William Moore and John Bowles, county commissioners and Hal Green, highway superintendent, were in Paris, Ill., yesterday inspecting a brick highway built according to the latest method. The commissioners were greatly impressed with the work although the day was not very favorable for road inspecting.

Under the newest method of construction there is no sand cushion placed between the brick and the hardened concrete as is done in most places. The bricks are laid in the concrete and in this way no retaining curb is necessary. A brick firm is advocating the laying of brick in this manner. The mass of brick and concrete hardens to such an extent that it is almost impossible to break it. The commissioners stated today that they would like to see the road in warm weather. About eleven miles of this kind of highway have been constructed in and near Paris.

MAMIE LEISURE DEPARTS

Young Mother Leaves When Summoned to Juvenile Court

The session of juvenile court set for yesterday afternoon before Thomas M. Green, judge pro tem, did not materialize for the simple reason that the defendant, Mrs. Mamie Leisure left for parts unknown after Sheriff Cavitt had served the papers on her. The appointed hour was two o'clock, but when three o'clock came and Mrs. Leisure and her child had not come to court, an investigation was started and it was found that she had left the city. She was charged with neglect and it is understood that she received a tip that the court might possibly take her child away from her and place it in a home.

Republican State Chairman is Re-elected And May Not Seek Short Term Senatorship

CONFERS WITH J. E. WATSON

Believed Watson's Organizations Will Try to Win Place Left Vacant by Shively's Death

CONVENTION TO NOMINATE

General Belief is Governor Ralston Will Appoint Tom Taggart Until Next Election

(By United Press.)

Indianapolis, Ind., March 15.—Will H. Hays was re-elected chairman of the Republican state central committee this afternoon, thus indicating that Hays may not be a candidate for the nomination for the short term in the United States senate, made vacant by the death of Benjamin F. Shively late yesterday.

Before the committee met, it was said that Hays would likely be a candidate and for that reason he would not consent to act as state chairman again. His acceptance of the state chairmanship apparently means that he will not be candidate before the Republican state convention, which will nominate two candidates for the United States senate, one to oppose Senator Kern, who comes up for re-election, and one to oppose the Democratic candidate to win Shively's seat.

Later this afternoon it was announced that Hays had asked for a few days in which to consider whether he would accept, which indicates that pressure is being brought to bear to cause him to seek the short term nomination.

Indianapolis, Ind., March 15.—Visions of Thomas Taggart, Democratic national committeeman, running against James E. Watson, former Republican whip of the house under Cannon, for the seat in the United States senate left vacant by the death of Senator Shively stirred political circles in Indiana to unprecedented activity today, while the Republican state committee was organizing.

General belief was that Governor Ralston will appoint Taggart to fill Shively's seat until the next general election.

Watson held a conference with Will H. Hays, Republican state chairman today. Many rumors had it that Hays would not succeed himself as state chairman in the reorganization today, but would become a candidate for the short term.

Despite Watson's recent unfortunate announcement that he will contest with Harry S. New at the convention the right to run against

BIG WILL SUIT TO START NEXT MONDAY

Estate of Late Allen Hinchman, Valued at \$50,000, Will be Involved in Case

HEARING IS AT NEWCASTLE

The suit involving the estate of the late Allen Hinchman is scheduled to start Monday in Newcastle. The case was brought by Ruby Smiley and seeks to break the will of Mr. Hinchman. The case was sent to Henry county on a change of venue. The estate in question is valued at \$50,000 and there is considerable local interest.

About thirty-five witnesses from this county have been called by the defense. These witnesses will not be needed until late in the case. Mrs. Smiley alleges that Mr. Hinchman was insane at the time he made the will. The attorneys for the defense are Young and Young of this city and Raymond Springer of Connersville. The attorneys were in Connersville yesterday examining two witnesses under oath.

TO RECOVER A PENALTY

Mrs. Agnes Razor Brings Action Against Her Husband

Mrs. Agnes Razor has filed suit against Charles Razor to recover a penalty, demanding \$200. The suit is unusual in that a similar suit has not been filed here in recent years. Mrs. Razor alleges that he treated her cruelly and last Monday compelled her to leave his home, thus practically abandoning her. The complaint states that she was compelled to sell tickets at the Gem theatre, of which he was the proprietor until about a week ago, and that he often made her go home by herself late at night. Thomas M. Green represents Mrs. Razor.

GRAND JURY IN SESSION

Hear Several Witnesses in Alleged "Bling Tiger" Probe

The grand jury was in session today for the second time this term of court. A number of witnesses from the factory district were called, but the nature of the case could not be learned. It was rumored that the grand jury was investigating at least two alleged "bling tigers" but this could not be verified.

PECULIAR FACTS ABOUT WELL KNOWN PEOPLE.

Washington, March 14.—A silver tray, well filled, is carried into the quarters of Assistant Secretary of State A. A. Ade at exactly 11:50 a. m. every day at which time Mr. Ade takes tea.

(By United Press.)
Geneva, March 15.—Austria has recalled her minister to Lisbon and has handed the Portuguese minister his passports, according to dispatches received here today.

Local News

Laura E. Bosley has filed suit on a note against William Crawford demanding \$425.

Mrs. F. A. Billes of Lewisville went to the Sexton Sanatorium yesterday to undergo an operation.

Fred Beale who is employed in the Chalmers Automobile factory in Detroit has recently been promoted to the position of assistant foreman for one of the departments.

The funeral services of Nathan Stanley, who died yesterday, will be conducted Thursday morning at 10:30 o'clock at the late residence north of Arlington by the Rev. T. B. Gary. Burial will take place in the Arlington East Hill cemetery.

Six coal cars on the Big Four jumped the track near Clifty, south of here today and piled up on each other. A half dozen of the Cincinnati-Chicago main line division trains were detoured through here by way of Shirley, and thence into Indianapolis.

The film on "Sports and Travel in Central Africa" was received by Prof. J. H. Scholl today and shown before the school pupils this morning. The film shows some interesting facts about the customs of the native, hunting of wild animals, the school children as they attend school and a number of other interesting and educational pictures are portrayed. It is reported, by those who have seen it to be an exceptionally good film. It will be shown this evening in the Graham Annex at 7:30 for the public, with an admission of five cents. The doors will be open at 7 o'clock.

FINED AT CONNERSVILLE

Frank Rogers and Omer Brown of this city were fined one dollar and costs each in the Connersville police court yesterday on charges of public intoxication. They both went back to jail, but it was expected their fines would be stayed.

AVOID MISTAKES

No Need to Experiment With Rushville Evidence at Hand.

There are many well-advertised kidney remedies on the market today, but none so well-recommended—none so Rushville recommended as Doan's Kidney Pills.

Read this Rushville case:

Frank McFarland, 830 West Tenth street, Rushville, says: "Last winter my kidneys began to get weak and in a short time I was so bad that I could hardly be about. My back was in a terrible shape. It ached so especially at night that I could hardly sleep and in the morning, it was stiff. If I bent over, I could hardly straighten up again. The kidney secretions were too frequent in passage and highly colored. Another of the family had used Doan's Kidney Pills with such good success that I thought I would try them, so I got a box at Johnson's Drug Store. They helped me and I kept on using them until cured."

Price 50c. at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that cured Mr. McFarland. Foster-Milburn Co., Props., Buffalo, N. Y. (Advertisement)

WHERE YOU BUY FOR LESS

Gums shrinking? Danger ahead!

Go now to a mirror and examine your mouth? Do your gums look "rinsed out," shrunken? Do you see a jagged appearance in the gum-line?

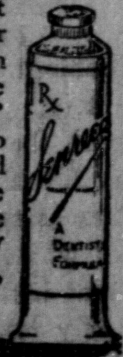

If so, see your dentist. He will tell you that you have pyorrhea, and that to save your teeth you will have to fight this dread disease at once.

From pyorrhea come by far the greater part of all tooth troubles. Unless treated and checked, it will result not only in the shrinking and malformation of your gums and of the bony structure into which your teeth are set, but in the loss of the teeth themselves.

A specific for pyorrhea has been discovered recently by dental science, and is now offered for daily treatment in Senreco Tooth Paste. Senreco combats the germ of the disease. Its regular use insures your teeth against the attack or further progress of pyorrhea.

But Senreco does more. It cleanses the teeth delightfully. It gives them a whiteness distinctive of Senreco alone. Its flavor is entirely pleasing, and it leaves in the mouth a wonderful sense of coolness and wholesomeness.

Start the Senreco treatment before pyorrhea grips you for good. Details in folder with every tube. A two-ounce tube for 25c is sufficient for 6 weeks' daily treatment. Get Senreco of your druggist today; or send 4c in stamps or coin for sample tube and folder. Address The Senreco Remedies Company 503 Union Central Building, Cincinnati, Ohio.

Amusements

The Princess will show the first installment of the serial "The Strange Case of Mary Page" for the first picture tonight. Henry Walthall and Edna Mayo are featured. Each part is a complete story and powerful enough to grip the interest to the end. The gowns worn by Miss Mayo were designed by "Lucille," Lady Duff Gordon. The second picture is a railway drama "At the Risk of Her Life." Helen Gibson is featured. The program will end with the comedy "His Wife Knew About It." Mr. and Mrs. Sidney Drew are featured. Tomorrow Maurice Costello and Leah Baird will be shown in the drama "Tried for His Own Murder." On Friday, matinee and night Victor Moore will be shown in "Chimmie Fadden." This is one of the most famous Irish-American characters ever created. He first appeared before the public in a series of newspaper stories by E. W. Townsend. These stories became the foundation of a book which sold in vast quantities and of a play which was popular for years, making "Chimmie Fadden," literally a national figure.

The Gem offers a two reel feature "Vindication" for the first picture tonight. Mabel Van Buren is featured and in making the picture the Bostock wild animals are introduced. It is said to be a wonderful production. The other is a one act comedy entitled "Deserted at the Auto." Carol Halloway and John Sheehan are featured. Tomorrow the two act drama "The Sheriff of Willow Creek," will be shown.

The Mystic will show the five act feature "A Modern Magdalen" for the first picture tonight. It is said to be a wonderful drama and features Catherine Countiss and Lionel Barrymore. It is said to tell an interesting story and is a dramatic picture. Tomorrow matinee and night the three act drama "The Guilt" will be shown in which Jeanette Horton is featured.

"The Home For Savings"

States territory. It appears, on its face, to be giving way to Carranza in everything that he desires and also is an admission that the United States is unable to protect its citizens along the border from the ravages of the Mexican murderers.

It would be a bit embarrassing to the United States if a Carranza general should slip up on Villa and capture him. In that event, the United States, if it were possible at all, might get a small bit of satisfaction out of the fact that she forced Carranza to show his hand.

Sounds nice doesn't it—that offer of General Carranza to act as a rear guard for the United States punitive expedition into Mexico to get Villa. It would be a very fine little coup, with the United States soldiers sandwiched in between a Carranza and a Villa army.

Wilson's mind may still be "single track," as he once described it—but no one can say that it is not provided with excellent switching facilities.

Senator Jim Ham Lewis and ex-Gov. Martin Glynn have now "answered" Mr. Root's speech—which still remains unanswerable.

The optimist breeds golden opportunities. The pessimist is the father of misery.

Baseball and shaggy hair will be ambling now most any day.

HUNDRED LEADING HOOSIERS

SARAH T. BOLTON (17).

The first, and for many years the only literary woman this side of the Allegheny mountains was Sarah T. Bolton. She has rightly been called "The First Singer in a New Land." When only four years of age she, with her parents moved from Kentucky and settled in Madison, Indiana. Here she grew into womanhood, and at an early age married Nathaniel Bolton, an editor. In 1822 he established the Indianapolis Gazette, the pioneer newspaper of this city, and his young bride accompanied him here on horseback. Suffering financial reverses in the panic of 1837, the young couple were reduced to utter want. Mrs. Bolton states that she herself was forced to make their garments from the wool off the sheep's back. She assisted her husband in the office, learned typesetting, and adds that "the first rollers ever made in Indianapolis were cast in my kitchen."

When her husband became State Librarian—"the then general utility man of the State House"—Sarah T. Bolton cheerfully assisted him in his labors. She prepared without help the carpets for the legislative halls, and performed other menial services. It was in the midst of these surroundings that the story originated for that world famous poem, "Paddle Your Own Canoe." With paper and pencil at her side, she jotted down at intervals those inspired stanzas that have since been read wherever the English language is used. Other poems soon followed, but it was difficult to interest the American public in poetry. Eastern editors feared to accept the writings of this crude frontier woman, and refused her manuscripts. After Harpers returned a poem unpublished it soon appeared in an English magazine, then copied by Harper's weekly, and highly praised because it had been written by an American lady.

Smoke FAIR PROMISE 5c Cigars

THERE IS A VAST ARMY

of men and women who really never know what it is to enjoy sound, vibrating health—who would be surprised to suddenly gain that exhilarating vitality that robust health brings.

Literally thousands without any particular sickness live in "general debility," as the doctors call it—have headaches, are tired and indifferent. To all such people we say with unmistakable earnestness—"Take Scott's Emulsion after meals for one month and allow its rare oil-food to enrich and enliven your blood, quicken your circulation, stimulate nutrition, and aid nature to develop that real red-blooded life that means activity, enjoyment, success."

Scott's Emulsion is not a drug, but a pleasant food-tonic—free from alcohol. One bottle may help you.

Preparedness Sentiment.

New York City is not typical of the United States, as regards preparedness or anything else. In the matter of armament its verdict may be particularly misleading, because its sentiment is, compared with middle-western and southern sentiment, pretty warlike. Still, its judgment means something.

A referendum taken in connection with an explosion in the Grand Central Palace within the last two weeks is impressive in the majorities it gives for defense measures. To the question, "Are you in favor of preparedness?" there were 17,540 affirmative answers and only 1286 negative.

The vote in favor of "a larger army" was 17,490 to 1463.

The majority favoring a larger navy was still greater.

As to the degree of military increase, the vote on the plans now under consideration by congress was close; 14,720 regarded them as adequate, and 12,180 thought they were inadequate.

Few took the trouble to answer the question, "Would you pledge yourself to serve one or two months if congress passes the Continental Army plan?" The vote was 1,501 yes and 1,116 no.

But that indicated no lack of patriotism. There were 17,030 men who pledged themselves to "enlist as volunteers in event of war" and only 49 who refused. And in this last verdict, at least, New York may be taken as genuinely representative of American sentiment.

Speaking of Doves.

We seem to have the dove sized up wrong. It has been accepted almost universally as the emblem of peace. And now comes a Pittsburgh ornithologist named Norman McClintock, buttressed with the authority of the Audubon society, and avers that "the dove is not a bird of peace, but one of the most pugnacious of feathered fighters. In fact, the dove fights a large part of his waging hours."

We give up. After this, can we believe in anything?

It was a dove that was sent forth

over the face of the waters by Noah, and brought back an olive leaf—itsself a sign of peace—to foretell the end of the deluge. It is the dove that poets have celebrated all through the ages as most typical of the soft delights of peace. If our feathered idol is really an English sparrow in disguise, if its soft coo is a delusion and its irised plumage a snare, can we have any faith left in any other tradition or conventional fancy?

"With Brains" said Opie

the celebrated English artist, when asked what he mixed his colors with. Knowledge and experience are just as important in mixing the paints for your house. If you want a satisfactory job of painting that will protect your property from the weather for the longest possible time, leave the selection of materials to us. We study the needs of each particular job and stand back of every job with our guarantee.

EXPEDITION IS ABOUT TO MOVE

This Belief is Caused by Refusal to Deny or Confirm Report of Hachita's Capture

TIMED TO BEGIN EARLY TODAY

Americans Arriving From Columbus, N. M., Bring This Report—Cavalry to Form Expedition

(By United Press.)

El Paso, Texas, March 15.—An iron clad censorship that even refuses confirmation or denial of a report that Hachita, New Mexico, was captured by Carranza troops give rise to the belief today that the American expedition after Villa was about to move.

Brigadier General J. J. Pershing's orders were to cross into Mexico when he was ready. Americans arriving at Deming, N. M., from Columbus stated that the expedition would begin the bandit hunt early today.

With the report that 3,000 cavalry under Pershing will make up the "flying column" to chase Villa, army men today gave the impression that no infantry will be used in the expedition. It was believed the infantry regiment coming toward Mexico from interior points will be used to patrol the border.

From the strict censorship maintained at Columbus on all mail and express matter as well as telephone and telegraph, it was plain that the troops will be in Mexico many hours before the war correspondents will be allowed to send details of the movement.

Pershing will keep in touch by wireless with Major General Funston directing the campaign from San Antonio. It is expected that the advance guard will dash for Guzman, Mexico, and establish the first base of operations there.

TWO AUTOS IN COLLISION

Sharps' and Schlosser Brothers' Machines Are Damaged.

The automobile of Raymond Sharp and the light truck of the Schlosser Brothers Creamery were damaged in a collision this morning at Main and Fifth streets. Sharp was attempting to turn from Fifth street into Main street and the driver of the auto truck failed to see him in time. A front wheel of the Sharp machine was smashed and the front axle badly bent. The Schlosser machine was not damaged as great as the Sharp auto. The occupants of both escaped injury.

INDICATES HAYS

Continued from Page 1.

Senator Kern, it was believed his organization is preparing to try to win for him the short term nomination in the convention.

Although Arthur Robinson and his friends were saying nothing today, it became known that Robinson still considers himself a candidate for "a" United States senatorial toga.

Robinson's friends consider that he occupies a strategic position, but that silence at this time is golden.

Ardent supporters of James E. Watson here today were pulling for him for the short term senatorial nomination in Indiana, at the hands of the Republican state convention April 5. They admitted that it was most unfortunate that Mr. Watson's announcement of his determination to contest the nomination with Harry S. New had been made only a few hours before Senator Shively's death. The Republican was in error yesterday in stating that Senator Shively had two more years to serve. His term would not have expired until March 4, 1921.

Republicans here are well aware of the fact that Will H. Hays, Republican state chairman, has had his eyes on the senatorial nomination for some time.

TO ELECT NEW OFFICERS

Chautauqua Directors Will Eat And Hold Meeting Tonight

The directors of the Rush County Chautauqua association will enjoy dinner together this evening at six o'clock at the Scanlan House and at that time will elect new officers for the coming year and transact some other business. Dr. D. H. Dean is the retiring president; T. M. Green, the vice-president; R. G. Budd, the secretary and F. E. Wolcott, the treasurer.

IS FIRST UNION MAN SO HONORED

Walter Bossert Only One From That County Ever Elected Republican District Chairman

RIGGS' PART IN MEETING

Rush County Chairman Introduces Resolutions Endorsing State Chairman And Secretary

When Walter Bossert was elected sixth district chairman by the Republican county chairmen of the district yesterday afternoon at Cambridge City, it was the first time in the history of the district that a Union county man was so honored. Mr. Bossert is a young attorney of Liberty and has been an active party worker for some time.

On the motion of Fon Riggs of this city, Rush county chairman, a resolution was passed endorsing Will H. Hays and L. W. Henley for re-election as state chairman and secretary respectively. The resolution was adopted. Other resolutions adopted endorsed the candidacy of Daniel W. Comstock of Richmond for congress and voiced appreciation of the services rendered by P. J. Lynch of Newcastle, retiring district chairman.

The district committee endorsed Thomas B. Millikan of Newcastle and Richard Elliott of Connorsville, as delegates to the national convention at Chicago. Delegates from the Sixth district are elected by the representatives at the state convention, which will be held in Indianapolis on April 4 and 5.

County leaders in attendance were Fon Riggs, Rush; N. M. Mosberly, Shelby; E. A. Robb, Hancock; E. H. Walford, Henry; I. N. Bridgeman, Franklin; L. S. Bowman, Wayne; Oliver LaFuse, Union. The only absentee was Ralph Himelick, Fayette.

The meeting was opened by P. J. Lynch. In his swan song Mr. Lynch predicted the election of Judge Comstock at the polls in November. He said that any bitterness that might have existed before the primary was as water passed over the mill dam. He said he would serve in the ranks to send Judge Comstock to congress by an overwhelming vote. He said: "My time, my services and what money I have left are at the disposal of the Republican party which I love so well."

Walter Bossert, newly elected chairman, said he was the first Union county man elevated to the position and that while he was a young man in years he had considerable experience in the ranks of the G. O. P. He issued the call to battle in the Sixth district and said the fight to put this district in the Republican column would not cease until 6 o'clock on election night.

Indiana Women

In Centennial

A familiar classic has it that "Men must work and women must weep." Not in Indiana in 1916. The Hoosier women are too busy to weep—they are stirring the men to activity. When the history of the Centennial is written a very large place must be given to the patriotic women of the State who are now so active in behalf of the right kind of a Centennial observance.

Peerless among them all for her devotion, her vision, her enthusiasm and self-sacrificing and tireless efforts, is Miss Charity Dye. With her keen insight as to the significance and possibilities of the Centennial year, she is a prophetess, and not without honor in her own state. With a zeal that is holy she is preaching the gospel of civic loyalty and patriotism all over Indiana. No other persons in the State has made such a contribution to the Centennial movement—none has done so much to interpret it to our citizens in its noblest terms.

Miss Dye is ably supported by scores of loyal, efficient women

Such are among the most effective of the County Centennial chairmen: Mrs. Rufus Dooley, of Parke County; Miss Genevieve Williams of Dubois; Mrs. J. H. Willey of Marshall; Mrs. Chas. Buckley of Carroll; (Miss Harriet D. Frazier of Kosciusko; Mrs. A. A. Williams of Porter; Mrs. John Lee Dinwiddie of Benton. Mrs. Mary Plannier of Indianapolis is devoting much time to the cause of pageantry in the State. Mrs. Juliet V. Strauss, the Country Contributor, is writing the pageant for her own county, Parke. Mrs. Kate Milner Rabb of Indianapolis is doing the same for Spencer county. Miss Frances Morrison, an Indianapolis girl, has been writing excellent verse for the Centennial Story Hour. Mrs. Sam Matthews of Tipton is pointing to Indiana librarians and school teachers the way in which they may effectively present the subject of Indiana to the children. The list might easily be extended.

Throughout Indiana important motive forces are to be found in the Women's organizations. The Federated Clubs are making the Centennial movement a special feature of their work. The project for the erection of a monument as a memorial to the Pioneer Mother is under club auspices. D. A. R. chapters deserve especial commendation for the interest they are manifesting in permanently marking historic places. They have also started a movement looking toward the adoption of an official state banner. Worthy of much praise also are the live, progressive school women of Indiana, who are doing such effective patriotic work in the public schools.

Hail to the earnest, patriotic, envisioned, women of Indiana! Dauntless in enthusiasm tireless in activity they are the Centennial Standard bearers in 1916.

Women must weep, forsooth!

NOTICE OF BOND SALE

Notice is hereby given that sealed bids will be received at the law office of John A. Titsworth, in the Law building, in the City of Rushville, Rush County, Indiana, up to the hour of one o'clock p. m.

SATURDAY, APRIL 1, 1916, for the purchase of Eleven Thousand Five Hundred Dollars (\$11,500.00) Noble Township, Rush County, Indiana, School Bonds.

Said bonds to be twenty in number dated April 1, 1916, of Five Hundred and Seventy-five Dollars (\$575.00) each bearing interest at the rate of four and one-half per cent per annum, payable semi-annually on the first day of July and the first day of January of each year, and maturing serially as follows: One bond on the first day of July, 1917, and one bond each six months thereafter as above specified. Said bonds have been issued in strict compliance with the laws of the state of Indiana and an order duly entered on the records of the Advisory Board of Noble Township, authorizing the issue and sale of said bonds for the purpose of providing funds for the construction of a new school building in Noble Township, Rush County, Indiana.

Said bonds will be sold according to law to the highest and best bidder for not less than par. The right is reserved to reject any and all bids.

ERNEST R. TITSWORTH,
Township Trustee, Noble Township, Rush County, Indiana.

Social Calendar

Thursday

* Mu Phi Epsilon luncheon with Miss Jessie Kitchen at 340 West Third street.
* Social Dozen, with Mrs. Jess Poe at 1012 North Morgan street in the afternoon.
* Country Club, with Mr. and Mrs. Alva Webb in the evening.
* Merry-Go-Round dinner at noon, with Mr. and Mrs. O. M. Harton south of the city.
* Sunshine Embroidery Club at Raleigh, with Mrs. Ed Jackson in the afternoon.
* Catholic Aid society business meeting, with Mrs. John Keaton in East Fifth street, in the afternoon.
* D. A. R. with Mrs. A. L. Gary at 913 North Harrison street, in the afternoon.
* Lurline Council of Pochantas in the Red Men Hall, in the evening.
* Uniform Rank, in regular session in the K. of P. hall, in the evening.

The meeting of the Grand Club has been postponed for two weeks.

Mrs. Selman Webb of this city has received and accepted an invitation to attend the reception which will be given in Indianapolis on Thursday, March 23rd, in honor of the Great Minnehaha of the order of Pochantas.

Mrs. Walter Duke and her guests, Mrs. John Dunbeck and daughter were entertained in Palmouth yesterday by Mrs. Wilbur Chance. Mrs. Dunbeck and daughter returned to their home in Anderson this morning after a pleasant visit here.

The Elks dance, though a small one, was a jolly one for the couples who attended. An informal program of dances was carried out with the music furnished by Mitchell's orchestra. The one last evening was one in the series which the members of the lodge have been having this winter.

WITH MRS. BLISS

A pleasant afternoon was spent by the members of the Thimble Club when they were entertained by Mrs. Will M. Bliss this afternoon at her pretty home in North Perkins street. Conversation and sewing engaged the afternoon hours which were brought to a close by the elaborate luncheon which the hostess served. About ten guests were included in this congenial company.

DINNER PARTY

A congenial crowd of friends were the guests of Miss Bessie Morris and James Morris at their hospitable country home north of the city last evening. A delicious 6 o'clock dinner was served to the guests who enjoyed a merry evening together as well. Those enjoying the hospitality of Mr. and Miss Morris were Mr. and Mrs. Earl Horton, Mr. and Mrs. Clifford Brown, Mr. and Mrs. Ray-

mond Gartin, Mr. and Mrs. Chase Cross and Miss Carrie McManus.

That the grand march for the Calico Ball will begin promptly at 8:30 is the word received from the committee in charge of the ball. Each lady is asked to bring a necktie which matches the dress she is wearing. This suggestion for a feature dance is only one of the clever ones that have been planned to add to the merriment of the event. Mitchell's orchestra is promising an unusually new program of musical numbers for the dancers.

PSI IOTA XI

The small attendance at Psi Iota Xi meeting last evening, when the members met with Miss Hannah Morris at her home in East Sixth street, did not prevent the guests from enjoying a delightful evening. The short business session was followed by a merry social hour which was made more enjoyable by the service of a prettily appointed luncheon. The next meeting of the sorority will be in the form of a pitch-in supper which will be served by the first division.

HONORING STUDENT

Mrs. Ralph Payne is entertaining a charming company of young people at her beautiful home in North Harrison street this evening in honor of her son, Wallace Payne who is home from Western Military Academy in Alton, Ill., where he is attending school this year. The plans are for an informal dance to the music of the Victrola, when the young couples will no doubt have a merry time dancing in and out through the rooms of the home. The guest list includes the Misses Helen Frazee, Dorothy Sparks, Lois Reeves, Dorothy Mulno, Esther Anderson, Mary Louise Bliss and Burton Cox, William Sexton, Hubert Alexander, Wilbur Cox, and Lawrence and Wallace Payne.

From the word received from those in charge of the St. Patrick's dance to be given in the Phi Delta Theta hall tomorrow evening by the members of the fraternity, this will surpass all their previous balls in gaiety and brilliance. Invitations have already been accepted from Indianapolis, Greensburg, Shelbyville, Richmond and Connorsville. The music, too, is promising for with Sherman's Orchestra is the pianist, C. D. Crabb, who is a composer as well. Four pieces will furnish the music which will be added to materially by the cabaret solos which Dr. Hale Pearsey will sing. Other feature numbers will also be on the musical program. The dance will begin promptly at 8:30.

PITCH-IN SUPPER

A pitch-in supper was the form of entertainment which a number of the friends of Mr. and Mrs. Alva Aiken enjoyed at their pretty home north of the city last evening. An inextinguishable menu made up the elaborate supper, in which each of the guests had a hand in making a success. Cards and music made the hours following the supper lively and pleasant ones for the guests, who included Mr. and Mrs. Fred Bell and family, Mr. and Mrs. Homer Nash and daughter, Mr. and Mrs. Jesse Morris, Mr. and Mrs. Pete Hollowell, Mr. and Mrs. Al Sharp, Mr. and Mrs. Morton Hinchman and daughter, and Mrs. Leona Myer.

OLD STYLES DISPLAYED

The Style Show given at the United Presbyterian church last evening was quite a surprise to those in attendance for instead of the extreme gowns of today, the graceful and picturesque ones of the olden days were displayed. The room was arranged with a long promenade for the models who walked in front of the audience. Beginning with the styles of some thirty or forty years ago, every period up to the present was displayed in the pretty costumes which included forty or fifty that the different models wore, who included, Mrs. Harry Kramer, the Misses Alma Green, Marie Clawson, Anna Waite, Florence Elliott and Elsie Frazee. Old tunes were played on the violin and guitar by John A. Spurrier and Arie Taylor during the show, and helped in adding the old time atmosphere. Favors of flowers were given those who attended and light refreshments were served during which time the entire crowd had a social and informal time together.

We Give *2x* Green Trading Stamps

Wirthmor and Welworth Waists, new every month. Without question the best waists on the market at \$1.00 and \$2.00.

An Abundance of Silks

The premier in the fabric field today is silk, the most desirable material for costumes, dresses, skirts, waists and coats. Our buyers personally selected in the New York market scores of patterns that are the last word in style and coloring, and we invite you to view this display. Our selection of striped taffeta is meeting with splendid approval, as evidenced by our patrons' daily expressions of admiration and their liberal patronage. Our advice is, buy silks at today's prices.

36 inch Striped Taffeta a yard	36 inch Silk Poplins a yard	36 inch Faile Silks a yard
\$1, \$1.25, \$1.50, \$2	85c, \$1.00 and \$1.25	\$1.50 and \$1.75

There is an elegant showing of Gros de Londre, messaline, crepe de chene, taffeta, charmeuse and faile crepe in all the new shades, including flesh, rose, silver gray, Calot and Joffre blue, rooky, wisteria, bottle and bay leaf green. A splendid assortment, too, of fancy striped crepe de chene and tub silks for waists. Then there are beautiful georgette crepes, chiffons and marisettes in many of the wanted shades. Good to look at, too, are the washable satins for underwear.

We are pleased to announce the arrival of scores of beautiful Silk Waists. See them tomorrow.

New Suits, Coats and Skirts are arriving by almost every express. Clothe yourself for Spring now.

THE MAUZY CO.

MISSIONARY MEETING

"The Home Mission School, a Stimulus to Better Living," was the subject in the leading part of the program at the meeting of the Missionary society of the U. P. church, held with Mrs. George Puntney this afternoon. The paper on this subject was read by Mrs. W. J. Waite who brought out some convincing facts on the results of Home Mission work. Devotions were led by Mrs. William Higgs and a short business session followed. Dainty refreshments were served during the social period of the meeting.

INDIANA DAY

Indiana Day will be observed by the members of the D. A. R. when they are entertained by Mrs. A. L. Gary at her home at 913 North Perkins street tomorrow afternoon. An interesting afternoon is promised with the following program which will be carried out.

Solo—Mrs. Will Amos.

Reading—Suggestions from the D. A. R. state conference for the celebration of our anniversary—Mrs. Lew Oneal.

Reading—George Roger Clark—Mrs. A. L. Gary.

Vocal solo—Indiana—Mrs. Will Amos.

Reading from Riley—Mrs. Ralph Payne.

Essays from the history contest by the D. A. R. in the local high school.

Rush county—Janet Dean.

The Pioneers of Indiana—Josephine Scholl.

The State Capitol Removed to Indianapolis and the Constitution of 1850—Beatrice Wilson.

The hostesses who are assisting Mrs. Gary for tomorrow afternoon are Mrs. C. A. Mauzy, Mrs. Wilford Grindle, Mrs. Mary F. Payne, Mrs. Mary Alexander, and Mrs. Mary Cotton of Manila.

WITH PYTHIAN SISTERS

About a hundred people enjoyed the hospitality of the Pythian Sisters who entertained with a card party in the spacious but home-like rooms of the K. of P. hall last evening. Each of the members of the order had invited several guests and as a result a merry company assembled. Rook and progressive euchre were the card games of the evening, into which practically all of the guests entered with a vim of pleasure, and were interspersed with a short program by Miss Norma Smith. When the card tables were then spread with lunch cloths, and clever St. Patrick napkins and favors of shamrocks were passed, a one-course luncheon was served. It was especially delicious in these pretty surroundings. A clever contest, which, tested the wits of the liveliest, contained names of auto-

mobiles hidden in sentences. The bean race also was the cause for jollity in watching the contestants pick up the row of beans which had been placed at regular intervals along the smooth floor. The tables being cleared away, the couples entered into the informal program of dances for which lively musical numbers were furnished by Mrs. Fred Cochran at the piano. And thus, waltz circles, Kentuckies and other dances which helped make the affair a jolly one brought the round of pleasure to a close. The committee which planned and executed this successful affair was composed of Mrs. Noley Newkirk, chairman, Miss Laura Trussler, Mrs. Laura Billings, Mrs. Selman Webb, Mrs. Daisy Wilkinson, Mrs. Dora Ferguson, Mrs. Edith Hall and Mrs. Mable Flint.

BARTLETT—BOREM

The wedding of Miss Rhoda Alice Bartlett and John Maurice Borem has been announced. It took place February 12th, when the couple was married by the Rev. C. M. Yocum at the parsonage, and up to this time has been kept secret. Mr. and Mrs. Borem will make their home with the bridegroom's parents, Mr. and Mrs. John Borem.

church that will draw well. The greatest drawing power in the church is the members who are the product of the grace of God.

"The invitation is broad—the spirit calls; the church calls; he that heareth or he that is new in the kingdom calls; whosoever will may come. It is marvelous how God can use a man with little capital, little talent, little money, little training and education. God can use everybody if they will be used."

Last night's meeting closed with the congregation singing, "Whosoever will, whosoever will, send the proclamation over vale and hill; 'tis a loving Father calls the wanderer home; 'Whosoever will, may come.'"

MACHINIST SAYS HE IS WELL MAN

"Tanlac Has Worked Wonders For Me," Charles Miller, of Muncie Declares.

Muncie, Ind., March 15.—Charles Miller, a well-known Muncie machinist, who lives at 1051 West Tenth street, is one of the thousands of people who have been relieved by Tanlac, the Master Medicine, that is being used so widely in Indiana. He said recently:

"For eight years I was in a run down condition. I suffered from intense pains in my stomach, had frequent palpitations of the heart and terrible headaches, and was in a nervous, bloated, constipated condition.

"Tanlac has worked wonders for me. I have been taking the medicine only a short time, but already I have been greatly relieved. The palpitations of the heart and the headaches are gone, and the constipated condition has disappeared. Tanlac has made me well man."

The words of such a well known man of the community as Mr. Miller, with the reputation he has for honesty and integrity, added, as they are, to the testimony of thousands of others, should prove the merits of Tanlac. Tanlac is especially beneficial for people suffering from run down conditions and is excellent for stomach, kidney and liver troubles, rheumatism, nervousness and the like.

Tanlac is sold exclusively in Rushville, at F. E. WOLCOTT'S drug store. (Advertisement)

Every holiday has its share of festivities apropos of the season; but now that St. Patrick's day is approaching, it has inspired several hostesses to make use of the clever little souvenirs which bring with them a breath of Ireland, in the appointments of their affairs. Tomorrow and Friday are both full of episodes, each of which will bring gaiety to the guests. Several of them are:

Miss Jessie Kitchen is entertaining the members of her musical sorority, the Mu Phi Epsilon, the majority of the members of which live in Indianapolis, at luncheon at her home in West Third street. In addition to the hospitality of the hostess, the girls, who are all blessed with musical talents, will bring some of their entertainment with them. Too, Mrs. Jesse Poe will give the members of the Social Dozen a glimpse of Erin's Isle when she entertains them at her home tomorrow afternoon. The members of the Country Club will celebrate the holiday with one of their usual jolly meetings at the home of Mr. and Mrs. Alva Webb; while the Merry-go-Round Club will dine with Mr. and Mrs. O. M. Harton, and their merriment will profit by the coming holiday. One of the social circles of Raleigh, those included in the Sunshine Embroidery Club, have prospects for a gay time when they are entertained tomorrow afternoon at the home of Mrs. Ed Jackson.

And on Friday, dancing will take the precedence over entertainment. One of the balls will be given in the form of a Leap Year party by the ladies of the Social Club. From all indications, the name "Calico Ball" will be carried out to the last detail and the usual ball gowns will be replaced by simple calico frocks. About thirty-five couples are expected to take part in the jolly party for which the music will be furnished by Mitchell's Orchestra. Too, the Phi Delta Thetas and their friends are dancing in the Phi Delta hall tomorrow evening. From the number of out-of-town guests that have signified their intentions of coming, in addition to the lovers of dancing here, there will no doubt be a large crowd present to enjoy the affair. The clever invitations are in bright green and headed with a miniature shamrock.

PRINCE ALBERT

the national joy smoke

is the real tobacco for jimmy pipes and makin's cigarettes

Copyright 1916
R. J. Reynolds Tobacco Co.

Get a Fresh Start!

For men who got away to a false start on a pipe or home-made cigarettes Prince Albert has a word or two for what ails their smokeappetites!

Forget you ever tried to smoke, for Prince Albert is so different, such a fine flavor, so cool and cheerful and friendly, you'll get a new idea of smoke joy! The patented process fixes that—and cuts out bite and parch!

And this little preachment is also for men who think they're on the right track. All to be said is that the sooner you lay out a nickel or a dime for a supply of Prince Albert, the sooner you'll make a discovery that'll be worth a lot to your peace of mind and tongue!

Buy Prince Albert all over the civilized world! Toppyrred bags, 5c; tidy red tins, 10c; pound and half-pound tin humidor—and that classy crystal-glass pound humidor with sponge-moistener top that keeps the tobacco in such fine shape—always!

Get the idea of smoking all you want without a comeback—that's P. A.
R. J. REYNOLDS TOBACCO CO., Winston-Salem, N. C.

On the reverse side of this tidy red tin you will read: "Process Patented July 30th, 1907," which has made three men smoke pipes where one smoked before!

JOHN BULL SAYS INDIA IS LOYAL

Despite Reports England's Largest Dependency Will Not be Turned Into a Republic.

IS AS FIRM AS GIBRALTAR

War Has Served as Test to Stability of British Rule, Official Declares.

* **INDIA IS LOYAL.** *
* For months, the World has *

* from dozens of sources that *
* India will emerge from a bloody *
* struggle during the European *
* war, to be the World's largest *
* republic. *

BY WILBUL S. FORREST.
(U. P. Staff Correspondent.)
London, March 1.—(By Mail)—
"What is the real truth about India?"
This question was asked by the United Press today in a quarter of official London in such close touch with India; day by day, that the answer cannot be regarded as other than official. The answer was:
"India is as firm as the rock of Gibraltar."
"The present war has served as the supreme test of the stability of British rule in India. There are 330,000,000 people in the Indian Empire and consequently some strife is inevitable, in times of peace as well as in times of war. The responsible heads of the various castes, members of the Indian council, always are critical of the government, but they are as loyal as any British statesman who criticizes his government on the floor of the House of Commons."
"An example of this loyalty is shown in the fact that the Indian Council, at the beginning of the war, agreed that India should shoulder a heavy burden of the expense. India is doing this, but the burden is not forced by England, as has been alleged. The burden is assumed voluntarily. Indian Princes throughout the Empire have in many cases voluntarily given large amounts from their treasure stores to help the home government. Indian native troops have gone to almost every front and fought with traditional native vigor, bravely bearing all the hardships of campaigning without a murmur."
"The native of India today is thoroughly loyal to King George V., whom he looks upon as his King-Emperor. This is not entirely due to British rule in India. It is explained by the psychology of the native mind. Indians of all castes believe Kings are made through the workings of something more than human intelligence. A King, therefore, who rules the Indians, whether he is the King-Emperor or a native king, does so by reason of the fact that he has been so designated by something akin to the supernatural. The fact that a King rules India establishes in the native mind that King's right to rule."
"If India's 330,000,000 people were inclined to revolt, the time for revolution would be during the greatest war. Every Indian knows this and still there has been no concerted effort to break away from British rule."
"Indian man power and money power will continue to aid Great Britain throughout the war and in future wars if necessary. There is nothing to worry about in India."

HIGH FINANCE TO BE REVEALED

Some of Wallingford Type Will Come to Light in E. M. Hinshaw Case, It is Promised.

JUDGE SPARKS. PRESIDING

Trial of Cicero Bank President For Embezzlement and Conspiracy Opens in Noblesville.

(By United Press.)
Noblesville, Ind., March 15.—That Indiana will be treated to a story of high finance of the Wallingford type, was the prediction today of attorneys representing the state when the trial of E. M. Hinshaw got under way. Hinshaw was president of the farmers' and Merchants' National bank of Cicero when it went to the wall. Judge Will M. Sparks of Rushville presided as special judge. The trial will require a month.
This trial, the attorneys said, promises to be the most celebrated of a series of criminal prosecutions on indictments that resulted after the Hamilton grand jury investigated the failure of three Hamilton county banking institutions.
George Bowen, one of the indicted men and president for many years of the Hamilton Trust Company, has been convicted of embezzlement and sentenced to serve from one to fourteen years in the state penitentiary, to pay a fine of \$500 and to suffer the penalty of two years disfranchisement.
Hinshaw is facing indictments charging embezzlement, larceny and conspiracy. Under the conspiracy charge, it is said, the attorneys for the state expect to bring forth their most remarkable evidence.
With Hinshaw and Bowen were indicted John L. Hinshaw, Elmer L. Sturtevant and others.
Failure of the three banks was the cause of much misery to Hamilton county people who lost their savings, but this was for a time lost sight of during the Bowen trial when stories of amazing financial transactions were told.
What Hinshaw's defense will be is unknown except to the extent that he will urge that his institution was acting under state laws and was being passed upon as in satisfactory condition by state bank examiners.
The state alleges that the failure of the Hamilton Trust company, of which Bowen was the principal organizer, brought down the Cicero bank and the People's State bank of Arcadia, and the closing of the doors of a bank at Carmel, which has since resumed business. The state alleges that frenzied finance brought on the failures.
The defense throughout the Bowen trial contended that E. M. Hinshaw, the defendant in this trial, was the cause of all of Bowen's troubles. Bowen's defense introduced as evidence eight checks given by Hinshaw on the Fidelity Trust Company of Indianapolis. The story of these checks as told by one of Bowen's attorneys was that Hinshaw as president of the Cicero bank told Bowen that the Farmers and Merchants bank had on deposit with the Fidelity Trust Co., \$17,000 which he wished to transfer to the Hamilton Trust Co. because he wished to keep the money in Hamilton county. According to Bowen's attorney, Bowen thought this a good piece of business and issued to J. L. Hinshaw certificates of deposits to \$17,000.
The defense contended that E. M. Hinshaw indorsed these checks as president of the Cicero bank, withdrew whatever amount was in the Indianapolis institution, and that when Bowen tried to cash the checks given on the Fidelity Trust Co. they were not paid. Bowen's defense admitted that he then accepted worthless securities issued by Hinshaw's company, and that this was the beginning of the end of the three banks.

DYSPEPSIA OF WOMEN

Special Treatment Required.

Many women suffer from a form of indigestion or dyspepsia which does not yield to ordinary treatment. While the symptoms are similar to those of ordinary indigestion, yet the medicine usually prescribed do not restore the patient's normal condition.

There seems to be a kind of dyspepsia caused by derangement of the female organism. While this appears to be the same as ordinary indigestion it can be relieved only by a medicine which, besides acting as a stomach tonic, is good for female ailments. Read what such a medicine did for Mrs. Williams:—

She says:—"Before I began taking Lydia E. Pinkham's Vegetable Compound I was troubled with dyspepsia and bearing down pains in my back and sides, and after my meals my stomach would bloat up till I could scarcely get my breath. At times I was so weak I could hardly stand on my feet and I looked hollow-eyed and my skin was yellow. Now I have a good color, have gained in every way and can do my work without any pains. I think it is the best medicine on earth for stomach troubles of women."—Mrs. NELLIE WILLIAMS, 31 West 3d Street, New Albany, Ind.

and my skin was yellow. Now I have a good color, have gained in every way and can do my work without any pains. I think it is the best medicine on earth for stomach troubles of women."—Mrs. NELLIE WILLIAMS, 31 West 3d Street, New Albany, Ind.

County News

Manilla.

Mrs. Isaac Murdock went to Indianapolis Wednesday to visit her mother, who is sick.

Mr. and Mrs. E. H. Mahin visited in Arlington Tuesday.

Elbert Gardner of Arlington visited here Wednesday.

Irvin Gray and family have moved to Seymour where he has a night position as operator. Mr. Higgins of Rushville has succeeded Mr. Gray as operator here at the Pennsylvania.

The teachers of Walker township held their last institute at Homer Saturday. Dinner was furnished by the Domestic Science class in charge of Mildred Morris, their teacher.

The Independents were defeated again Friday night by Columbus by a score of 42 to 37.

Mrs. John Smith of Rays Crossing visited here Saturday.

William Inlow of Rushville visited here Saturday.

Mrs. Nettie Willis is visiting her sister, Mrs. Reba Friedman near Cambridge City.

Thos. K. Mull is improving slowly after a severe illness.

Mr. and Mrs. Elmore Barnard went to Franklin Saturday.

The Rev. E. E. Kuhn took dinner Sunday with A. M. Robinson and family.

Mr. and Mrs. Joseph Cotton have gone to housekeeping on Main street.

Mrs. J. L. Webster is sick with la-grippe.

Howard Heaton is able to be in school again after a slight illness.

Glenwood

Mr. and Mrs. Gideon Parker of Andersonville motored to Glenwood Monday and spent the day with Mr. and Mrs. Bert Zimmerman.

William Coon is assisting John Lindeal on his farm.

Mrs. Nick Carr, who has been spending a few days with her children Mrs. Mary Dice and Bert Zimmerman, has returned to her home in Laurel.

Mrs. Clara McConnel who has been ill for some time is better.

Mrs. Bert Chen has returned to her home after a visit with her sister in Muncie.

Mrs. Bessie Combs has returned to her home after a week's visit with friends in Newcastle.

Mrs. William Combs spent Sunday in Connersville with her son Walter Combs and family. She reports the children of the family to be suffering with the whooping cough.

HOW NOW?

St. Paul, Minn., March 11. —The daughter of Mrs. C. P. How married the son of C. F. How here. The bride was Miss Francis Tillotson, daughter of Mrs. Tillotson How. The groom is the son of the bride's mother's second husband. How's that?

Carl Ralston, prominent farmer and stock dealer living southeast of Milroy, has purchased from W. C. Richey his farm of eight-seven acres. The consideration was \$11,310. The farm which is a very fertile one lies adjoining the farm of Mr. Richey.

A CLEAR COMPLEXION

Ruddy Cheeks—Sparkling Eyes—Most Women Can Have

Says Dr. Edwards, a Well-Known Ohio Physician

Dr. F. M. Edwards for 17 years treated scores of women for liver and bowel ailments. During these years he gave to his patients a prescription made of a few well-known vegetable ingredients mixed with olive oil, naming them Dr. Edwards' Olive Tablets, you will know them by their olive color.

These tablets are wonder-workers on the liver and bowels, which cause a normal action, carrying off the waste and poisonous matter that one's system collects.

If you have a pale face, sallow look, dull eyes, pimples, coated tongue, headaches, a listless, no-good feeling, all out of sorts, inactive bowels, you take one of Dr. Edwards' Olive Tablets nightly for a time and note the pleasing results.

Thousands of women as well as men, take Dr. Edwards' Olive Tablets now and then just to keep in the pink of condition. Dr. Edwards' Olive Tablets, the successful substitute for calomel—10c and 25c per box. All druggists.

The Olive Tablet Company, Columbus, O.

Do Something for your Cold.

Do not let it wear you out

and encourage sickness.

Take Dr. King's New

Discovery. You will

get instant relief.

Most of us neglect coughs and colds. We brush suggestions aside with the remark "I'll be better soon," and oftentimes we do get better. However, when that cough or cold gets a hold, it usually means annoyance, interference with our work and often a spell of sickness follows. Isn't it better immediately to check that cold and ease the cough? Dr. King's New Discovery does it! Search as you will, you will not find a better remedy.

Dr. King's New Discovery is made of Pine Tar mixed with soothing balsams and laxatives. It's antiseptic and kills the germs, allays the cold-fever and soothes the irritated, inflamed throat. The very first dose gives you relief. You cough with less strain. And if you have a hacking or dry night cough, grateful relief follows and you soon drop into a restful and refreshing sleep. Get a bottle to-day and let Dr. King's New Discovery be your cold and cough doctor. At all druggists.

CHILDREN'S EXHIBIT FIRST OF ITS KIND

Three Organizations Combine at Bloomington to Make Display One Long to be Remembered

TO SHOW PHYSICAL SHAPE

(By United Press.)

Bloomington, March 15.—A children's exhibit, the first of its kind ever held in this state, under the auspices of the extension division of Indiana university, the Federal Child Welfare and the Bloomington Chamber of Commerce opened here Tuesday, and will continue for three days.

The aim is to show the physical condition of the average child. The essential features of a children's exhibition are a physician, some mothers and some children. The physician examines the children thoroughly one at a time, and gives the mother a record card showing the child's development and indicating the suggestions he has made in the course of the conference with the mother as to the care of that particular child.

Plans are being worked out to have many of these exhibits over Indiana, after the conclusion of the one here.

TO UPHOLD HONOR OF STATE

Women Will Add New Members to Charities Body.

(By United Press.)

Indianapolis, March 15.—The honor of Indiana is to be upheld by women, according to Miss Edna Henry, chairman of the membership committee for Indiana, of the national conference of Charities and Correction. The committee met Tuesday for the first time since its organization early in February.

Last year the National Conference of Charities and Correction was held in Baltimore and as an incident to the entertainment of the body, the Maryland social workers obtained more than 600 new members. When Miss Henry was made chairman of the Indiana membership committee, she set the mark at 1,000 and severed notice that her committee would be composed entirely of women.

PECULIAR FACTS ABOUT WELL KNOWN PEOPLE.

(By United Press.)

New York, March 15.—John D. Rockefeller, Jr., is a familiar figure to Gotham's subway crowds. He is stockily built and handsome and seems not at all averse to being jammed in among the fighting mobs that mark the rush hours morning noon and night.

HEARD AT THE CAPITAL

Washington, Mar. 15.—"We must not let the voters of the country overlook the fact that had the rates of duty provided by the Republican tariff law been in effect during the past two years, on the imports been sufficient to meet all of the received into this country during that period, the revenues would have running expenses of the government notwithstanding Democratic extravagance, and there would have still been a balance left in the treasury." Thus spoke a Pennsylvania Republican Representative. "It shows the difference between the policies of the two parties. The Republican party in times of profound peace has never found it necessary to levy direct taxes on the people. It has always been able to meet ordinary as well as extraordinary expenses by indirect taxation, which has largely been paid by the foreigner. With a depleted treasury and no improvement in sight the Democratic party is face to face with additional problems of taxation, most of which must fall directly on the backs of the people. If the Republican party were in power today, with a protective tariff, there would be no necessity for this, neither would there be a 'war tax' and many other burdens."

"The Republican party will go into the campaign of 1916, united, active, vigorous, and the coming national convention at Chicago, will select a candidate who will meet with the support and approbation of the people," said an Illinois Representative to a group of Congressional friends. "All throughout the country of Democracy and what it stands for. Both the foreign and fiscal policies of the administration have greatly displeased the American people and they are ready to go back to the party which stands for progress and prosperity and which will uphold American honor in all portions of the world. The dilly-dallying and hesitation that has marked this administration in its foreign policy, will cost it thousands of votes. The constant shifting of the views of the President on public questions has shaken the confidence of the people in his stability."

"There is at least an even chance that Oklahoma will swing into the Republican column in the elections this fall; that we will gain two Republican Congressmen from that state, and that many gains will be made by the party in state officers," said a Middle West Republican Congressman to a group of colleagues. "For some time Oklahoma has been heading towards Republicanism. The development of the state has brought in many new residents from the eastern states who are of our party faith. The Democrats, realizing they were slipping, have been endeavoring to disfranchise the negro in that state, hoping to save their bacon, but they made such a mess of it, which ended with the disgraceful row in the legislature a few days since, that public opinion in the state has been stirred by such tactics. It has hurt the Democrats and driven many voters to the ranks of the Republicans, and when November comes do not be surprised if Oklahoma looms up in the list of Republican states. Certainly the indications point that way, and at least two of the present Democratic Congressmen are greatly alarmed over the outlook in their districts."

"Indiana is surely heading towards Republicanism. We will elect a governor, a United States Senator, make a gain of several Congressmen and carry the state for the state for the national ticket. From present indications, Congressman Adair will win the nomination for governor on the Democratic ticket." These were the prophetic words of a member of Congress from that state.

Treat Children's Colds Externally

Don't dose delicate little stomachs with harmful internal medicines. Vick's "Vapo-Rub" Salve, applied externally, relieves by inhalation as a vapor and by absorption through the skin. Vick's can be used freely with perfect safety on the youngest member of the family. 25c, 50c, or \$1.00.

VICK'S VAPORUB SALVE

EAT LESS MEAT IF BACK HURTS

Take a glass of Salts to flush Kidneys if Bladder bothers you—Drink lots of water.

Eating meat regularly eventually produces kidney trouble in some form or other, says a well-known authority, because the uric acid in meat excites the kidneys, they become overworked; get sluggish; clog up and cause all sorts of distress, particularly backache and misery in the kidney region; rheumatic twinges, severe headaches, acid stomach, constipation, torpid liver, sleeplessness, bladder and urinary irritation.

The moment your back hurts or kidneys aren't acting right, or if bladder bothers you, get about four ounces of Jad Salts from any good pharmacy; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush clogged kidneys and stimulate them to normal activity; also to neutralize the acids in the urine so it no longer irritates, thus ending bladder disorders.

Jad Salts cannot injure anyone; makes a delightful effervescent lithia-water drink which millions of men and women take now and then to keep the kidneys and urinary organs clean, thus avoiding serious kidney disease.

Rheumatism Can be Cured

It is not necessary to go to a high priced watering place and drink nasty tasting water. You can cure yourselves right here at home with a remedy that has stood the test for more than 30 years. It acts directly and speedily upon the kidneys, liver and urinary organs and is a wonderful cleanser and tonic remedy. I can refer to many cases who were cured right here in Rushville. Try a bottle of WOLCOTT'S DIURETIC CORDIAL — Price 75c Remember it must give satisfaction or your money will be cheerfully refunded.

OLD-TIME COLD CURE— DRINK HOT TEA!

Get a small package of Hamburg Breast Tea, or as the German folks call it, "Hamburger Brust Tee," at any pharmacy. Take a tablespoonful of the tea, put a cup of boiling water upon it, pour through a sieve and drink a teacup full at any time during the day or before retiring. It is the most effective way to break a cold and cure grip, as it opens the pores of the skin, relieving congestion. Also loosens the bowels, thus breaking up a cold.

Try it the next time you suffer from a cold or the grip. It is inexpensive and entirely vegetable, therefore safe and harmless.

RUB RHEUMATISM FROM STIFF, ACHING JOINTS

Rub Soreness from joints and muscles with a small trial bottle of old St. Jacobs Oil

Stop "dosing" Rheumatism. It's pain only; not one case in fifty requires internal treatment. Rub soothing, penetrating "St. Jacobs Oil" right on the "tender spot," and by the time you say Jack Robinson—out comes the rheumatic pain. "St. Jacobs Oil" is a harmless rheumatism cure which never disappoints and doesn't burn the skin. It takes pain, soreness and stiffness from aching joints, muscles and bones; stops sciatica, lumbago, backache, neuralgia.

Linger up! Get a 25 cent bottle of old-time, honest "St. Jacobs Oil" from any drug store, and in a moment you'll be free from pains, aches and stiffness. Don't suffer! Rub rheumatism away.

Suggests Training Of Boys In Federal School

(By United Press.)

Chicago, Ill., March 15.—An outline of how his proposed Vocational Army training school plan, endorsed by President Wilson, may be economically, efficiently and quickly started throughout the country, has been written by W. D. Boyce of the Boyce publication. In brief, Mr. Boyce suggests a vocational and army training school be added to each state college under federal aid and guidance. Concerning the plan, President Wilson, in his recent western trip, said in part:

"We ought to have in this country a great system of industrial and vocational education, under Federal guidance; and it will be perfectly feasible and highly desirable to add to that and combine with it such training in the mechanism and use and care of arms, in the sanitation of the camp, in the simpler form of maneuver and organization, as will make these same men industrially and individually serviceable for national defense.

"The point about such a system will be that its emphasis will lie on the industrial and civil side of life, so that men will think first of their families and daily work and their services in the economic fields of the country, and only last of all to their serviceability to the nation as soldiers and men at arms. That is the ideal of America." Mr. Boyce in part says:

"To start the Army Vocational Schools, all that is necessary is for the United States Army training barracks (for drilling and living purposes) to be added to the State colleges, with a corps of military instructors, equipment, etc., all of which can easily be provided by the Federal Government. All the expenses of this addition must be borne by the United States, which furnishes board, lodging and clothing for the young men who take the course. The Government does this in exchange for the student's services while he is being trained to be a fit soldier. The State furnishes the instruction in the trade, profession or occupation which the student elects to take. He is put to no expense and he remains in the Vocational Army School two years, or more, going to his classes like any student in a college, but being under regular army discipline and living in barracks. After his graduation he is subject to the call of the United States Government for military service, but he goes into the trade, profession or occupation in which he has been instructed and in which he is a finished product.

"We have frequently called attention to the fact that 85 per cent of the boys of the United States are obliged to go to work to support themselves at the finish of their

common school education, going without the vocational training which they want and need. The Vocational Army Schools would give every boy, whether his parents are poor, well-to-do or rich, an equal chance to get a practical education and at the same time fit himself to help defend his country.

"The Federal Government would be doing only what it now does, in furnishing military instruction, board and lodging, clothing and equipment to its regular soldiers, and at half expense, for it would not pay salaries to the students. The States would be doing only what they should do, in furnishing educational facilities for their citizens. The young men attending the Vocational Army Schools would not be kept out of productive work, as the regular soldiers are. When the soldier goes back to civilian life, his productive capacity is not increased, but when the graduates of the Vocational Army Schools go into their trades, occupations and professions, their productive capacity and earning ability will be increased many fold.

"Under the Vocational Army School plan, 90 per cent of the youths of the United States would become fit men to defend their country in time of need."

LONG TIME FARM LOANS POSSIBLE

Twenty-Year Plan, Popularly
Known as Rural Credits Measure,
Is Being Used Here.

OPPORTUNITY FOR FARMERS

The twenty-year farm loan plan mortgages are now being issued here. For some time the question long time farm loans has been uppermost in the United States, and just now the proposition is before congressional committee at Washington. It is popularly known as the rural credits measure. The plan has been in force in other countries for many years.

It appears now that the long term plan of farm loans will be used in this country because the twenty-year farm loans can now be placed at six percent interest, with no commission; with the understanding that five per cent of the original principal shall be paid at the end of each year. This plan should appeal to those wishing a long time loan, especially since the loan is made with the payments fixed in such a way that should be satisfactory to any borrower.

If it becomes necessary for the borrower to pay his loan in full before the end of five years he may do so, at the end of any year, by special arrangement, by paying small bonus on unpaid principal for the remainder of the five years the borrower may pay \$100 or any multiple thereof at any interest time, and pay interest until time of payment. Interest ceases on all partial payments made. This twenty-year loan plan appears to be the first plan of this character to be placed before the farmers of this community.

WAR ODDITIES.

(By United Press.)

London—One of the most successful plough women among those doing "war farm work" in the Louth district of Lincolnshire previously worked long years in a dry goods shop.

Liverpool—An officer in the Royal Flying Corps, home on leave from Northern France refused to join friends on a hunting trip because he said he knew how it felt to be shot at.

Salonica—The German consulate here, seized by the French, yielded a photograph of the Kaiser garbed in the elaborate uniform of an Admiral of the Russian fleet.

GIANTS HAVE LARGE SQUAD

Some Are Sure of Positions But
McGraw Will Have to Use
Knife Pretty Freely.

TRAINING STARTS OFF GOOD

Has Ten Pitchers in Line and Six
Spills the Beans.
Catchers — Benny Kauff

(By United Press.)

Marlin, Tex., March 15.—Under the broiling rays of the Lone Star sun the Giants of John McGraw are pounding down the stretch of their ante-season siege of preparation. Rookies and regulars alike are tossing that old ball and swatting it's nose with enthusiasm worthy of a better cause, to wit, a regular series with averages and umpires and other mid-season trimmings.

The weather man, barring a few periods of aberration, has been a right reasonable sort of cuss to the Giants and as a result there has been day after day of summer weather through which the clan McGraw pushed itself into form. McGraw has ten pitchers on the ground including Christy Mathewson, Jeff Tesreau and Polly Peritt of last year's hurling force and Anderson, the Federal League star whose showing in training has been one of the most encouraging features of the camp season. Then there are Benton, Sehauer, Schupp, Stroud, Palmera, the Cuban and Kramer who look mighty good to the Crown Prince of Mister Coogan's precipice. If McGraw's pitchers live up to his expectations the season will cause him comparatively little worry.

The rest of the team is big enough to be a certain quantity. Behind the bat McGraw has Raridan and Dooim to anchor the staff. There are six catchers altogether but of course it is to be expected some of this number will be out of the big leagues by the time the season opens. The player limit compels McGraw to wield the pruning knife, hard though it may be to part with the promising serfs performing daily in the training games.

The defection of Benny Kauff, caused by some misunderstanding with the management over his demand for a \$10,000 bonus, has scrambled McGraw's outfield map considerably but the manager appears unperturbed by the turn of affairs.

Ten thousand meg is quite some weight on the present scale of prices and McGraw probably figures that in another year, with proportionate declines, he will be able to bring Ty Cobb to his knees with an offer of not more than \$1,500 a year. Burns, Rousch the ex-Fed and Kelley are in the Giants' flocks of outer fielders, consisting of 12 men.

The infield is a grizzled affair in its personnel. Merkle, Doyle, Fletcher and Lobert have been shaving for many summers and can't remember how to blush when maidens fair say "there he goes." Rodriguez and Hunter are first basemen and Brainerd is a veteran infielder. Elsh, Schepner and Martin are three young bloods trying to pry open a place in the infield.

DISTRICT CHAIRMEN MEET

Action Today Completes Organization of Republican Party.

(By United Press.)

Indianapolis, March 15.—District chairmen of the republican party met in this city today to choose officers of the state republican organization. The district chairmen were elected yesterday by the county chairmen who in their turn were recently elected by the precinct committeemen. The precinct committeemen were elected at the statewide primary.

The action today completes the organization of the party in Indiana, and it is the first time in Indiana history that the voters of a party provided the foundation upon which the organization was built.

GUEFIN DRY GOODS COMPANY

URGES DEALERS TO SELL CLOTH TOPS

Speakers at Shoe Dealers' Convention Declares There is Shortage of Leather.

AND OFFERS THIS SOLUTION

Indianapolis, March 15.—H. V. Hunt, a tanner of Boston, today advised the Indiana Retail Shoe association in convention here to push the sale of cloth top shoes and help along the movement to make them popular.

The war in the old countries, and the fact that calf skins, from which uppers are made, must be stocked up in the spring and therefore have but one season when the demand is for all the year round, were given as reasons.

"Calf skins are like strawberries," he said. "They must be plucked when they are ripe. That means in March, April and May, with the supply dwindling until in December it reaches the lowest point of all, and unfortunately this is when manufacturers demand the most for the coming season."

"The biggest portion of the European stock came from Russia, which of course is not producing hides to any extent now."

"The present high prices of calf leather," he said, "will look very cheap soon, unless the use of other materials became very extensive."

OPEN NOSTRILS! END A COLD OR CATARRH

How To Get Relief When Head and Nose are Stuffed Up.

Count fifty! Your cold in head or catarrh disappears. Your clogged nostrils will open, the air passages of your head will clear and you can breathe freely. No more snuffling, hawking, mucous discharge, dryness or headache; no struggling for breath at night. Get a small bottle of Ely's Cream Balm from your druggist and apply a little of this fragrant antiseptic cream in your nostrils. It penetrates through every air passage of the head, soothing and healing the swollen or inflamed mucous membrane, giving you instant relief. Head colds and catarrh yield like magic. Don't stay stuffed-up and miserable. Relief is sure.

EXPECT BOOM IN MINING COUNTRY

High Price of Metals Will Undoubtedly Create Business in Colorado, It is Said.

AWAIT OPENING OF SPRING

(By United Press.)

Denver, Colo., March 15.—With the opening of the Spring season, Colorado expects to experience a big boom in mining. High prices in all metals and ores and the falling off in imports of minerals due to the European war is already showing its effects in record activity among Colorado's mining camps. The tungsten fields of Boulder county remind old timers of the early days in Cripple Creek and Leadville. Fortunes have been made in the tungsten fields and the increased demand of this ore for hardening tools promises continued prosperity. Zinc, which doubled its output in the state last year, is keeping up its record production.

Good prices for silver has resulted in a renewed interest in that metal. Experts predict a big rise in the price of silver at the close of the war, based on the belligerents' great need of silver for a medium of exchange since America is in possession of a large part of the world's gold supply. Gold production continues to show remarkable staying powers in Colorado. Rich strikes on old properties are frequently reported. Experts predict that the value of Colorado's minerals mined in 1916 will exceed that of any year in the state's history.

Notice of Election.

INVASION MAY BE UNDER WAY

Censorship Without Parallel in History of United States Keeps Border Movements Secret

RUMORS OF CROSSING HEARD

May be Weeks After Troops Invade Mexico Before Details Will be Made Known

AERO SQUADRON ARRIVES

Carranzista Soldiers Evacuate Palomas, Six Miles From Border, Leaving 40 as Guard.

BULLETIN.

(By United Press.)

San Antonio, Texas, March 15.—General Funston says Colonel Dodd may have crossed the border.

El Paso, March 15.—Military censorship unparalleled in American history gripped the Mexican border so closely today that none but army officers know whether the invasion of Mexico has begun.

Rumors from scores of points said the expedition had started but they could not be confirmed.

Telephone and as well as telegraph lines were in the hands of General Pershing's censors.

Censored reports from Columbus told of establishment there of a base of operations. Railroad switches and bridges were being constructed. Troop movements were not mentioned. The aero squadron from San Antonio arrived for its first test under conditions of warfare.

The United Press staff correspondent at Columbus was permitted to telegraph today that it will be perhaps a week before he goes in with the troops before the censor will permit him to send details.

Carranzista today evacuated Palomas, six miles from the border, leaving forty soldiers as guard. This statement of the Mexican consul seemed to refute directly the rumors that the expedition has crossed the line, unless the de facto government has decided to resist American invasion.

SENATE FAVORS INCREASE

Votes Unanimously to Raise Army to 100,000 Men.

(By United Press.)

Washington, March 15.—The senate this afternoon unanimously adopted the Hay-Chamberlain resolution for immediate increase of the regular army to 100,000 men. Hoke Smith who proposed a two-year enlistment instead of four years made the only fight on the measure. Unlimited debate was enjoyed.

All Washington today anxiously awaited the first news from the Mexican battleground. The American punitive expedition was supposed to be moving.

Blinded by the rigid border cen-

Congratulations To—

PERSHING CAMP BROKEN: NO TROOPS CROSS BORDER

(By United Press.)

Deming, N. M., (Via Telephone to El Paso), March 15.—United States troops have not yet crossed the borders, according to automobile parties arriving here at noon today from Columbus. Pershing's camp there has been broken, however, and the expedition was ready to move at a moment's notice.

The Carranza garrison at Palomas revolted and declared for illa, according to unconfirmed reports reaching here.

sorship, opinion was general here today that General Pershing's forces were already on Mexican soil or would be before the day ended. Formal announcement of the American flag's presence in Mexican territory may be delayed until Pershing's troops are well into the interior.

Opinion also grew that co-operation instead of opposition would be the Carranza policy.

SAYS IT'S DIFFICULT JOB

General Funston Comments on Hardships of Villa Hunt

(By United Press.)

San Antonio, Texas, March 15.—General Frederick Funston, commander-in-chief of troops on the border, predicted today in an interview with the United Press that the chase for Villa will be a hard and difficult campaign. He said General Pershing, commander in the field, has his orders and will leave when ready.

"I hope the American people appreciate," said Funston, "that this is going to be a hard and very difficult campaign. It may be along one also.

"One of the best features is the fact that the troops are in splendid shape. From a physical standpoint they could not be better. The time that most of them have had on the border has hardened and toughened them for just the sort of campaign they must undergo. But it is going to be a hard job.

"Villa has fled to one of the most desolate countries in the world. What nature did not do for it in this respect the fighting factions in Mexico have done. Unless we go in there sufficiently supplied with food and fodder to take care of the problems of subsistence entirely, we would be defeated by nature long before we met Villa forces. There is nothing left in all the vast and naked region for us to buy or take."

"I believe that our aeroplanes are going to be of great value to us in scouting work in this campaign. It will be the first time that we have ever used our planes under these conditions and I have great hope in their success.

"I hope that the American people understand the reason for the apparent delay in crossing the border and starting the chase. It would have been sheer folly for us to have continued the chase the day of the raid. We had about 250 men against Villa's 1500 and possibly more. Our men had no supplies with them. They might have continued a running fight and killed a few more Villistas but unless they could have actually captured Villa, no particularly military advantage would have been gained. Had Villa's forces completely surrounded ours, as might easily have happened, another Custer massacre would have resulted."

HAVE NOT SPIRIT TO GUIDE THEM

Many Churches Are Powerless Because They Are Not Led by Holy Spirit, Pastor Says

SERMON BY W. M. WHITSITT

Terrible Thing That Many Hear And Reject Truth so Often That They Become Hardened

Many churches as well as many church members are powerless today because they are not guided by the holy spirit, was the thought of the sermon preached at the St. Paul's M. E. church revival last night by the pastor, the Rev. W. M. Whitsitt.

For his text, the Rev. Mr. Whitsitt read the fifty-fifth chapter of Isaiah basing his sermon on the following: "And the spirit and the bride say, come and let him that heareth say come. And whosoever will let him take the water of life freely."

"Jesus said," declared the pastor, "Howbeit when he, the spirit of truth, is come, he will guide you into all truth. We are lead to believe that the dispensation of the holy spirit did not cease with the Pentecost, but that we live in it today. But many churches today are powerless because they are not led by the holy spirit. Many in the churches are without power and the world doesn't know whether they are members of that church or not because they have not the spirit to guide them into all truth.

"The holy spirit is not only calling those outside of the church but those who are in the church. The words we speak and the things we do are given power and influence by the holy spirit. When we stand up and preach and teach the holy spirit applies our words to the hearts of our hearers. It is possible for one to reject the holy spirit until he has no power over him.

"Sometimes we go through so much formality in a service that our whole thought is on it and the holy spirit has no chance. All parts of a service should prepare hearts for the work of the holy spirit. It is an awful thing that many hear and reject the truth over and over again until they become hardened and heedless of the truth.

"The spirit calls men. The church calls—if it isn't calling men it isn't doing its duty. The church that isn't missionary and evangelistic will die. The individual Christian who doesn't work at his job will lose out. Some people think they have a free ticket when they join church and pay a little.

"Religion is one of the most common sense things I know of. If a man is interested in a town he'll boost it; if a salesman is interested in his goods he'll boost them; you and I should have enough interest in the church that we will work. Our own denomination was born in the midst of a revival and it has been leading in revival effort—when it fails to promote evangelism it will lose its candlesticks. Jesus Christ plan for saving Rushville is for His people to call men and bring them to Him. Go out and talk to your neighbors about business and your daily tasks and they'll believe you. Go out in the same way and talk to them in the same way about Christ and they'll believe you and have the same confidence as when you are talking on any other subject.

"If a church does not draw, a pastor and a few others can not get men in. Some churches are looking for a minister who will draw well and many ministers are wanting a

HOPE TO MAKE A VERY LARGE SUM

Shakespeare Club Will Add \$125 to Visiting Nurse Fund if Reading is Patronized.

EXPENSES TO REACH \$67.85

Possible to Get Jeannette Kling For About Half Sum She Usually Commands For Appearance.

If the recital of the modern drama, "Across the Border," at the Graham Annex auditorium next Monday evening by Jeannette Kling is properly patronized, the Shakespeare club under whose auspices the affair will be given, hopes to add a large sum to the visiting nurse fund. It was arranged as a benefit for this purpose.

According to a statement by Miss Katherine Petry, president of the club, the expenses will amount to only \$67.85. This is unusually low because the club was able to get the talented reader for \$50, which is about half the sum she commands for such engagements. This saving was accomplished because the club accommodated itself to a date that fitted into Miss Kling's schedule and because of the purpose of the affair. She was in hearty sympathy with the project and readily agreed to the reduction. The club made the contract direct, thus saving bureau's commissions.

If the auditorium is filled, the club has figured out that the recital should make \$125 for the fund. Tickets are selling at twenty-five cents each and there are no reserved seats. The doors will be open at 7:30 o'clock and the program will begin promptly at 7:45; it is announced.

Members of the program committee of the Rush county chautauqua say Miss Kling is one of the most talented, capable readers on the Lyceum platform. The committee has had her under consideration for a place on the chautauqua program. She was with the Lincoln chautauqua last season and has been re-engaged for next season.

Jeannette Kling is recognized as one of America's most brilliant and successful readers. Her success is due no less to her personality than to her ability. Critics and press unite in conceding her all the qualities requisite for the artist—talent, grace, beauty, and originality that is refreshing and a versatility that is remarkable. Thus, nature, training and experience make her capable of swaying an audience.

Miss Kling's engagements have taken her repeatedly from coast to coast, and from lakes to gulf, and no greater proofs of her artistic worth can be had than her record of being engaged to appear again and again, giving as many as twelve recitals in one city. The following are a few of the many cities in which she has appeared from two to twelve times: San Francisco, Philadelphia, Pittsburg, Cincinnati, Chicago, St. Louis, Detroit, St. Petersburg, Florida, Lexington, Ky., Valdosta, Ga., Montgomery, Ala., Memphis, Tenn. This list might be extended almost indefinitely.

Miss Kling has given five entire programs at the greatest Chautauqua in the country—Chautauqua, N. Y. A. E. Bestor, one of the directors, wrote to her: "It is a rule of the Institution that its officers shall not write endorsements for persons who appear on their platform, but I am glad to say that on every hand, I heard expressions of approval and appreciation of the programs which you gave."

Miss Kling is an official representative

INDICATES HAYS IS NOT CANDIDATE

TWO RUNAWAY BOYS FROM HOME ARE CAUGHT HERE

Milton Litton and William Young, about fourteen years old, ran away from the Soldiers' and Sailors' Orphan's Home this side of Knights-town yesterday afternoon and walked to this city. They went to the home of Mrs. Chase Pearsey in North Spencer street, where the Litton boy stayed while the Home band played for the fall festival and horse show here last fall. Mrs. Pearsey called the Home by telephone and Miss Gregory, a teacher there, came after them this morning.

INSPECT A BRICK ROAD AT PARIS, ILL.

County Commissioners And Highway Superintendent See Highway Built by New Method

BRICK LAID IN CONCRETE

P. A. Newhouse, William Moore and John Bowles, county commissioners and Hal Green, highway superintendent, were in Paris, Ill., yesterday inspecting a brick highway built according to the latest method. The commissioners were greatly impressed with the work although the day was not very favorable for road inspecting.

Under the newest method of construction there is no sand cushion placed between the brick and the hardened concrete as is done in most places. The bricks are laid in the concrete and in this way no retaining curb is necessary. A brick firm is advocating the laying of brick in this manner. The mass of brick and concrete hardens to such an extent that it is almost impossible to break it. The commissioners stated today that they would like to see the road in warm weather. About eleven miles of this kind of highway have been constructed in and near Paris.

MAMIE LEISURE DEPARTS

Young Mother Leaves When Summoned to Juvenile Court

The session of juvenile court set for yesterday afternoon before Thomas M. Green, judge pro tem, did not materialize for the simple reason that the defendant, Mrs. Mamie Leisure left for parts unknown after Sheriff Cavitt had served the papers on her. The appointed hour was two o'clock, but when three o'clock came and Mrs. Leisure and her child had not come to court, an investigation was started and it was found that she had left the city. She was charged with neglect and it is understood that she received a tip that the court might possibly take her child away from her and place it in a home.

Republican State Chairman is Re-elected And May Not Seek Short Term Senatorship

CONFERS WITH J. E. WATSON

Believed Watson's Organizations Will Try to Win Place Left Vacant by Shively's Death

CONVENTION TO NOMINATE

General Belief is Governor Ralston Will Appoint Tom Taggart Until Next Election

(By United Press.)

Indianapolis, Ind., March 15.—Will H. Hays was re-elected chairman of the Republican state central committee this afternoon, thus indicating that Hays may not be a candidate for the nomination for the short term in the United States senate, made vacant by the death of Benjamin F. Shively late yesterday.

Before the committee met, it was said that Hays would likely be a candidate and for that reason he would not consent to act as state chairman again. His acceptance of the state chairmanship apparently means that he will not be candidate before the Republican state convention, which will nominate two candidates for the United States senate, one to oppose Senator Kern, who comes up for re-election, and one to oppose the Democratic candidate to win Shively's seat.

Later this afternoon it was announced that Hays had asked for a few days in which to consider whether he would accept, which indicates that pressure is being brought to bear to cause him to seek the short term nomination.

Indianapolis, Ind., March 15.—Visions of Thomas Taggart, Democratic national committeeman, running against James E. Watson, former Republican whip of the house under Cannon, for the seat in the United States senate left vacant by the death of Senator Shively stirred political circles in Indiana to unprecedented activity today, while the Republican state committee was organizing.

General belief was that Governor Ralston will appoint Taggart to fill Shively's seat until the next general election.

Watson held a conference with Will H. Hays, Republican state chairman today. Many rumors had it that Hays would not succeed himself as state chairman in the reorganization today, but would become a candidate for the short term.

Despite Watson's recent unfortunate announcement that he will contest with Harry S. New at the convention the right to run against

BIG WILL SUIT TO START NEXT MONDAY

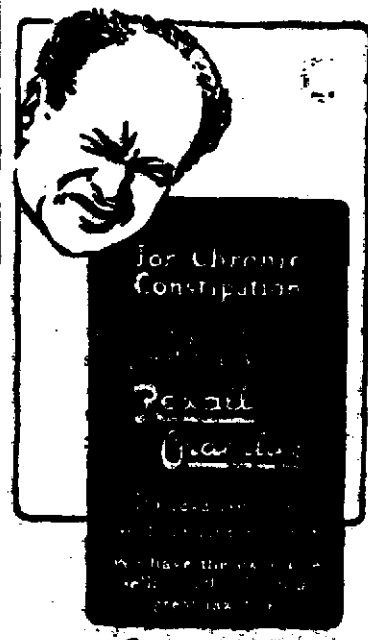

Estate of Late Allen Hinchman, Valued at \$50,000, Will be Involved in Case

HEARING IS AT NEWCASTLE

The suit involving the estate of the late Allen Hinchman is scheduled to start Monday in Newcastle. The case was brought by Ruby Smiley and seeks to break the will of Mr. Hinchman. The case was sent to Henry county on a change of venue. The estate in question is valued at \$50,000 and there is considerable local interest.

About thirty-five witnesses from this county have been called by the defense. These witnesses will not be needed until late in the case. Mrs. Smiley alleges that Mr. Hinchman was insane at the time he made the will. The attorneys for the defense are Young and Young of this city and Raymond Springer of Connersville. The attorneys were in Connersville yesterday examining two witnesses under oath.

TO RECOVER A PENALTY

Mrs. Agnes Razor Brings Action Against Her Husband

Mrs. Agnes Razor has filed suit against Charles Razor to recover a penalty, demanding \$200. The suit is unusual in that a similar suit has not been filed here in recent years. Mrs. Razor alleges that he treated her cruelly and last Monday compelled her to leave his home, thus practically abandoning her. The complaint states that she was compelled to sell tickets at the Gem theatre, of which he was the proprietor until about a week ago, and that he often made her go home by herself late at night. Thomas M. Green represents Mrs. Razor.

GRAND JURY IN SESSION

Hear Several Witnesses in Alleged "Blind Tiger" Probe

The grand jury was in session today for the second time this term of court. A number of witnesses from the factory district were called, but the nature of the case could not be learned. It was rumored that the grand jury was investigating at least two alleged "blind tigers" but this could not be verified.

PECULIAR FACTS ABOUT WELL KNOWN PEOPLE.

Washington, March 14.—A silver tray, well filled, is carried into the quarters of Assistant Secretary of State A. A. Adee at exactly 11:50 a. m. every day at which time Mr. Adee takes tea.

OPENS WAR ON PORTUGAL

Austria Sends Declaration And Recalls Minister

(By United Press.)
Rome March 15.—Austria has declared war on Portugal, according to dispatches received here today.

MINISTER RECALLED

(By United Press.)
Geneva, March 15.—Austria has recalled her minister to Lisbon and has handed the Portuguese minister his passports, according to dispatches received here today.

Local News

Laura E. Bosley has filed suit on a note against William Crawford demanding \$425.

Mrs. F. A. Billes of Lewisville went to the Sexton Sanatorium yesterday to undergo an operation.

Fred Beale who is employed in the Chalmers Automobile factory in Detroit has recently been promoted to the position of assistant foreman for one of the departments.

The funeral services of Nathan Stanley, who died yesterday, will be conducted Thursday morning at 10:30 o'clock at the late residence north of Arlington by the Rev. T. B. Gary. Burial will take place in the Arlington East Hill cemetery.

Six coal cars on the Big Four jumped the track near Clifty, south of here today and piled up on each other. A half dozen of the Cincinnati-Chicago main line division trains were derailed through here by way of Shirley, and thence into Indianapolis.

The film on "Sports and Travel in Central Africa" was received by Prof. J. H. Scholt today and shown before the school pupils this morning. The film shows some interesting facts about the customs of the native, hunting of wild animals, the school children as they attend school and a number of other interesting and educational pictures are portrayed. It is reported, by those who have seen it to be an exceptionally good film. It will be shown this evening in the Graham Annex at 7:30 for the public, with an admission of five cents. The doors will be open at 7 o'clock.

FINED AT CONNERSVILLE

Frank Rogers and Omer Brown of this city were fined one dollar and costs each in the Connersville police court yesterday on charges of public intoxication. They both went back to jail, but it was expected their fines would be stayed.

AVOID MISTAKES

No Need to Experiment With Rushville Evidence at Hand.

There are many well-advised kidney remedies on the market today, but none so well-recommended—none so Rushville recommended as Doan's Kidney Pills.

Read this Rushville case:
Frank McFarland, 830 West Tenth street, Rushville, says: "Last winter my kidneys began to get weak and in a short time I was so bad that I could hardly be about. My back was in a terrible shape. It ached so especially at night that I could hardly sleep and in the morning, it was stiff. If I bent over, I could hardly straighten up again. The kidney secretions were too frequent in passage and highly colored. Another of the family had used Doan's Kidney Pills with such good success that I thought I would try them, so I got a box at Johnson's Drug Store. They helped me and I kept on using them until cured."

Price 50c. at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that cured Mr. McFarland. Foster-Milburn Co., Props., Buffalo, N. Y. (Advertisement)

Get one while they last as you will never have this opportunity again.

99c STORE

WHERE YOU BUY FOR LESS

Gums shrinking? Danger ahead!

Go now to a mirror and examine your mouth? Do your gums look "rinsed out," shrunken? Do you see a jagged appearance in the gum-line?

If so, see your dentist. He will tell you that you have pyorrhea, and that to save your teeth you will have to fight this dread disease at once.

From pyorrhea come by far the greater part of all tooth troubles. Unless treated and checked, it will result not only in the shrinking and malformation of your gums and of the bony structure into which your teeth are set, but in the loss of the teeth themselves.

A specific for pyorrhea has been discovered recently by dental science, and is now offered for daily treatment in Senreco Tooth Paste. Senreco combats the germ of the disease. Its regular use insures your teeth against the attack or further progress of pyorrhea.

But Senreco does more. It cleanses the teeth delightfully. It gives them a whiteness distinctive of Senreco alone. Its flavor is entirely pleasing, and it leaves in the mouth a wonderful sense of coolness and wholesomeness.

Start the Senreco treatment before pyorrhea grips you for good. Details in folder with every tube. A two-ounce tube for 25c is sufficient for 6 weeks' daily treatment. Get Senreco of your druggist today; or send 4c in stamps or coin for sample tube and folder. Address The Senreco Remedies Company 503 Union Central Building, Cincinnati, Ohio.

Your Table Linen

can make the dinner perfect. No matter how pretty your table setting, how well served the dinner, how excellently prepared the courses if your table linen has the harsh finish and the gray color of home or washerwoman laundered work—you've neglected the factor that would have added the final touch. Nothing else can give table linen the pretty appearance and finish that our method does. Try it.

Amusements

The Princess will show the first installment of the serial "The Strange Case of Mary Page" for the first picture tonight. Henry Walthall and Edna Mayo are featured. Each part is a complete story and powerful enough to grip the interest to the end. The gowns worn by Miss Mayo were designed by "Lucille," Lady Duff Gordon. The second picture is a railway drama "At the Risk of Her Life." Helen Gibson is featured. The program will end with the comedy "His Wife Knew About It." Mr. and Mrs. Sidney Drew are featured. Tomorrow Maurice Costello and Leah Baird will be shown in the drama "Tried for His Own Murder." On Friday, matinee and night Victor Moore will be shown in "Chimmie Fadden." This is one of the most famous Irish-American characters ever created. He first appeared before the public in a series of newspaper stories by E. W. Townsend. These stories became the foundation of a book which sold in vast quantities and of a play which was popular for years, making "Chimmie Fadden," literally a national figure.

The Gem offers a two reel feature "Vindication" for the first picture tonight. Mabel Van Buren is featured and in making the picture the Bostock wild animals are introduced. It is said to be a wonderful production. The other is a one act comedy entitled "Deserted at the Auto." Carol Holloway and John Sheehan are featured. Tomorrow the two act drama "The Sheriff of Willow Creek," will be shown.

The Mystic will show the five act feature "A Modern Magdalen" for the first picture tonight. It is said to be a wonderful drama and features Catherine Countiss and Lionel Barrymore. It is said to tell an interesting story and is a dramatic picture. Tomorrow matinee and night the three act drama "The Guilt" will be shown in which Jeanette Horton is featured.

States territory. It appears, on its face, to be giving way to Carranza in everything that he desires and also is an admission that the United States is unable to protect its citizens along the border from the ravages of the Mexican murderers.

It would be a bit embarrassing to the United States if a Carranza general should slip up on Villa and capture him. In that event, the United States, if it were possible at all, might get a small bit of satisfaction out of the fact that she forced Carranza to show his hand.

Sounds nice doesn't it—that offer of General Carranza to act as a rear guard for the United States punitive expedition into Mexico to get Villa. It would be a very fine little coup, with the United States soldiers sandwiched in between a Carranza and a Villa army.

Wilson's mind may still be "single track," as he once described it—but no one can say that it is not provided with excellent switching facilities.

Senator Jim Ham Lewis and ex-Gov. Martin Glynn have now "answered" Mr. Root's speech—which still remains unanswerable.

The optimist breeds golden opportunities. The pessimist is the father of misery.

Baseball and sluggy hair will be ambling now most any day.

HUNDRED LEADING HOOSIERS

SARAH T. BOLTON (17).

The first, and for many years the only literary woman this side of the Allegheny mountains was Sarah T. Bolton. She has rightly been called "The First Singer in a New Land." When only four years of age she, with her parents moved from Kentucky and settled in Madison, Indiana. Here she grew into womanhood, and at an early age married Nathaniel Bolton, an editor. In 1822 he established the Indianapolis Gazette, the pioneer newspaper of this city, and his young bride accompanied him here on horseback.

Suffering financial reverses in the panic of 1837, the young couple were reduced to utter want. Mrs. Bolton states that she herself was forced to make their garments from the wool off the sheep's back. She assisted her husband in the office, learned typesetting, and adds that "the first rollers ever made in Indianapolis were cast in my kitchen."

When her husband became State Librarian—"the then general utility man of the State House"—Sarah T. Bolton cheerfully assisted him in his labors. She prepared without help the carrels for the legislative halls, and performed other menial services. It was in the midst of these surroundings that the story originated for that world famous poem, "Paddle Your Own Canoe." With paper and pencil at her side, she jotted down at intervals those inspired stanzas that have since been read wherever the English language is used. Other poems soon followed, but it was difficult to interest the American public in poetry. Eastern editors feared to accept the writings of this crude frontier woman, and refused her manuscripts. After Harpers returned a poem unpublished it soon appeared in an English magazine, then copied by Harper's weekly, and highly praised because it had been written by an American lady.

Smoke FAIR PROMISE 5c Cigars

THERE IS A VAST ARMY

of men and women who really never know what it is to enjoy sound, vibrant health—who would be surprised to suddenly gain that exhilarating vitality that robust health brings.

Literally thousands without any particular sickness live in "general debility," as the doctors call it—have headaches, are tired and indifferent. To all such people we say with unmistakable earnestness—"Take Scott's Emulsion after meals for one month and allow its rare oil-food to enrich and enliven your blood, quicken your circulation, stimulate nutrition, and aid nature to develop that real red-blooded life that means activity, enjoyment, success."

Scott's Emulsion is not a drug, but a pleasant food- tonic—free from alcohol. One bottle may help you.

Preparedness Sentiment.

New York City is not typical of the United States as regards preparedness or anything else. In the matter of armament its verdict may be particularly misleading, because its sentiment is, compared with middle-western and southern sentiment, pretty warlike. Still, its judgment means something.

A referendum taken in connection with an explosion in the Grand Central Palace within the last two weeks is impressive in the majorities it gives for defense measures. To the question, "Are you in favor of preparedness?" there were 17,540 affirmative answers and only 1286 negative.

The vote in favor of "a larger army" was 17,490 to 1463.

The majority favoring a larger navy was still greater.

As to the degree of military increase, the vote on the plans now under consideration by congress was close; 14,720 regarded them as adequate, and 12,180 thought they were inadequate.

Few took the trouble to answer the question, "Would you pledge yourself to serve one or two months if congress passes the Continental Army plan?" The vote was 1501 yes and 1,116 no.

But that indicated no lack of patriotism. There were 17,030 men who pledged themselves to "enlist as volunteers in event of war" and only 49 who refused. And in this last verdict, at least, New York may be taken as genuinely representative of American sentiment.

Speaking of Doves.

We seem to have the dove sized up wrong. It has been accepted almost universally as the emblem of peace. And now comes a Pittsburgh ornithologist named Norman McClintock, buttressed with the authority of the Audubon society, and avers that "the dove is not a bird of peace, but one of the most pugnacious of feathered fighters. In fact, the dove fights a large part of his waging hours."

We give up. After this, can we believe in anything?

It was a dove that was sent forth

over the face of the waters by Noah, and brought back an olive leaf—itsself a sign of peace—to foretell the end of the deluge. It is the dove that poets have celebrated all through the ages as most typical of the soft delights of peace. If our feathered idol is really an English sparrow in disguise, if its soft coo is a delusion and its irised plumage a snare, can we have any faith left in any other tradition or conventional fancy?

The war's dreadfully upsetting to poetry, anyhow. We might just as well submit, and nominate the dove as our war-bird, and adopt the eagle as the emblem of peace. For we've probably been wrong about the eagle-bird, too. Who ever saw eagles fight?

An Empty Echo

Josephus Daniels, Secretary of War and close political and personal friend of W. J. Bryan, has this to say as editor of the Raleigh, N. C. News and Observer.

"There should be none in this country not willing to follow where Woodrow Wilson leads."

If this means anything at all, it means intellectual slavery, political subservency, individual abdication of the sovereignty of citizenship. It shows us the true measure of Josephus Daniels. He knows not where Woodrow Wilson will lead tomorrow, but he announces his willingness to follow. How different from the policy of Garrison—or Bryan! How different from the principles of Champ Clark, Kitchin and George Harvey! Daniels is willing to be the empty echo of an uncertain and ever changing voice—that and nothing more.

Producers of zinc and manufacturers of zinc products are among those very numerous people who have reaped large profits from the demand for zinc needed for the European war. In 1913 our exports of zinc and zinc manufactures amounted to only a little more than \$1,000,000. In 1915 the exports amounted to \$33,500,000, or an increase of more than 3200 per cent. Laborers in zinc mines, in smelters, and in factories have reaped their share of profits. When they read the statistics presented by the Department of Commerce they can have no doubt as to the cause of the revival in their industry.

It appears that members of congress have a right to be indignant over the action of the administration making a reciprocal agreement with Carranza whereby his soldiers may pursue Mexican bandits into United

EXPEDITION IS ABOUT TO MOVE

This Belief is Caused by Refusal to Deny or Confirm Report of Hachita's Capture

TIMED TO BEGIN EARLY TODAY

Americans Arriving From Columbus, N. M., Bring This Report—Cavalry to Form Expedition

(By United Press.)
El Paso, Texas, March 15.—An iron clad censorship that even refuses confirmation or denial of a report that Hachita, New Mexico, was captured by Carranza troops give rise to the belief today that the American expedition after Villa was about to move.

Brigadier General J. J. Pershing's orders were to cross into Mexico when he was ready. Americans arriving at Deming, N. M., from Columbus stated that the expedition would begin the bandit hunt early today.

With the report that 3,000 cavalry under Pershing will make up the "flying column" to chase Villa, army men today gave the impression that no infantry will be used in the expedition. It was believed the infantry regiment coming toward Mexico from interior points will be used to patrol the border.

From the strict censorship maintained at Columbus on all mail and express matter as well as telephone and telegraph, it was plain that the troops will be in Mexico many hours before the war correspondents will be allowed to send details of the movement.

Pershing will keep in touch by wireless with Major General Funston directing the campaign from San Antonio. It is expected that the advance guard will dash for Guzman, Mexico, and establish the first base of operations there.

TWO AUTOS IN COLLISION

Sharps' and Schlosser Brothers' Machines Are Damaged.

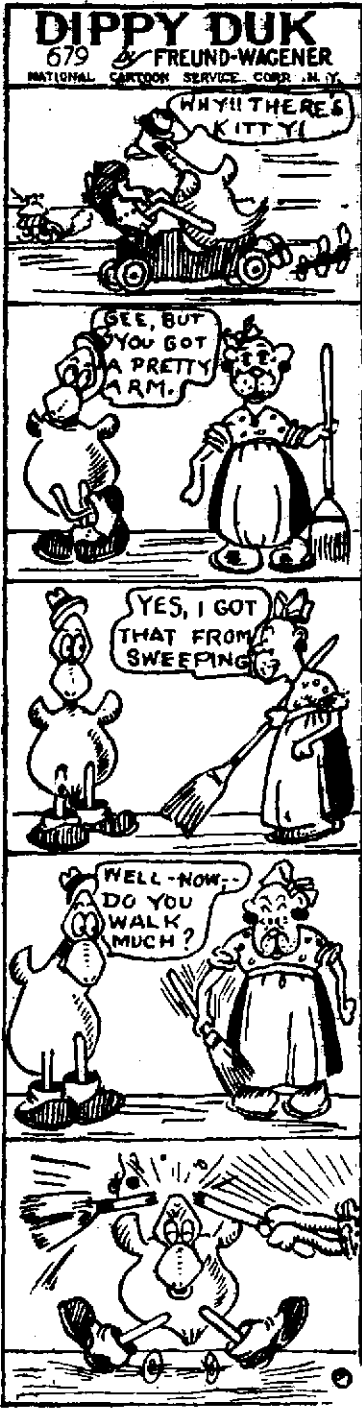

The automobile of Raymond Sharp and the light truck of the Schlosser Brothers Creamery were damaged in a collision this morning at Main and Fifth streets. Sharp was attempting to turn from Fifth street into Main street and the driver of the auto truck failed to see him in time. A front wheel of the Sharp machine was smashed and the front axle badly bent. The Schlosser machine was not damaged as great as the Sharp auto. The occupants of both escaped injury.

Continued from Page 1.

Senator Kern, it was believed his organization is preparing to try to win for him the short term nomination in the convention.

Although Arthur Robinson and his friends were saying nothing today, it became known that Robinson still considers himself a candidate for "a" United States senatorial toga.

Robinson's friends consider that he occupies a strategic position, but that silence at this time is golden.

Ardent supporters of James E. Watson here today were pulling for him for the short term senatorial nomination in Indiana, at the hands of the Republican state convention April 5. They admitted that it was most unfortunate that Mr. Watson's announcement of his determination to contest the nomination with Harry S. New had been made only a few hours before Senator Shively's death. The Republican was in error yesterday in stating that Senator Shively had two more years to serve. His term would not have expired until March 4, 1921.

Republicans here are well aware of the fact that Will H. Hays, Republican state chairman, has had his eyes on the senatorial nomination for some time.

TO ELECT NEW OFFICERS

Chautauqua Directors Will Eat and Hold Meeting Tonight

The directors of the Rush County Chautauqua association will enjoy dinner together this evening at six o'clock at the Scanlan House and at that time will elect new officers for the coming year and transact some other business. IS FIRST UNION MAN SO HONORED

Walter Bossert Only One From That County Ever Elected Republican District Chairman

RIGGS' PART IN MEETING

Rush County Chairman Introduces Resolutions Endorsing State Chairman And Secretary

When Walter Bossert was elected sixth district chairman by the Republican county chairmen of the district yesterday afternoon at Cambridge City, it was the first time in the history of the district that a Union county man was so honored. Mr. Bossert is a young attorney of Liberty and has been an active party worker for some time.

On the motion of Fon Riggs of this city, Rush county chairman, a resolution was passed endorsing Will H. Hays and L. W. Henley for re-election as state chairman and secretary respectively. The resolution was adopted. Other resolutions adopted endorsed the candidacy of Daniel W. Comstock of Richmond for congress and voiced appreciation of the services rendered by P. J. Lynch of Newcastle, retiring district chairman.

The district committee endorsed Thomas B. Millikan of Newcastle and Richard Elliott of Connersville, as delegates to the national convention at Chicago. Delegates from the Sixth district are elected by the representatives at the state convention, which will be held in Indianapolis on April 4 and 5.

County leaders in attendance were Fon Riggs, Rush; N. M. Moberly, Shelby; E. A. Robb, Hancock; E. H. Walford, Henry; I. N. Bridge-man, Franklin; L. S. Bowman, Wayne; Oliver LaFuse, Union. The only absentee was Ralph Himelick, Fayette.

The meeting was opened by P. J. Lynch. In his swan song Mr. Lynch predicted the election of Judge Comstock at the polls in November. He said that any bitterness that might have existed before the primary was as water passed over the mill dam. He said he would serve in the ranks to send Judge Comstock to congress by an overwhelming vote. He said: "My time, my services and what money I have left are at the disposal of the Republican party which I love so well."

Walter Bossert, newly elected chairman, said he was the first Union county man elevated to the position and that while he was a young man in years he had considerable experience in the ranks of the G. O. P. He issued the call to battle in the Sixth district and said the fight to put this district in the Republican column would not cease until 6 o'clock on election night.

Indiana Women In Centennial

A familiar classic has it that "Men must work and women must weep." Not in Indiana in 1916. The Hoosier women are too busy to weep—they are stirring the men to activity. When the history of the Centennial is written a very large place must be given to the patriotic women of the State who are now so active in behalf of the right kind of a Centennial observance.

Peerless among them all for her devotion, her vision, her enthusiasm and self-sacrificing and tireless efforts, is Miss Charity Dye. With her keen insight as to the significance and possibilities of the Centennial year, she is a prophetess, and not without honor in her own state. With a zeal that is holy she is preaching the gospel of civic loyalty and patriotism all over Indiana. No other person in the State has made such a contribution to the Centennial movement—none has done so much to interpret it to our citizens in its noblest terms.

Miss Dye is ably supported by scores of loyal, efficient women

Such are among the most effective of the County Centennial chairman: Mrs. Rufus Dooley, of Parke County; Miss Genevieve Williams of Dubois; Mrs. J. H. Willey of Marshall; Mrs. Chas. Buckley of Carroll; Miss Harriet D. Frazier of Kosciusko; Mrs. A. A. Williams of Porter; Mrs. John Lee Binwiddle of Benton. Mrs. Mary Plannor of Indianapolis is devoting much time to the cause of pageantry in the State. Mrs. Juliet V. Strauss, the County Contributor, is writing the pageant for her own county, Parke. Mrs. Kate Milner Rabb of Indianapolis is doing the same for Spencer county. Miss Frances Morrison, an Indianapolis girl, has been writing excellent verse for the Centennial Story Hour. Mrs. Sam Matthews of Tipton is pointing to Indiana librarians and school teachers the way in which they may effectively present the subject of Indiana to the children. The list might easily be extended.

Throughout Indiana important motive forces are to be found in the Women's organizations. The Federated Clubs are making the Centennial movement a special feature of their work. The project for the erection of a monument as a memorial to the Pioneer Mother is under club auspices. D. A. R. chapters deserve especial commendation for the interest they are manifesting in permanently marking historic places. They have also started a movement looking toward the adoption of an official state banner. Worthy of much praise also are the live, progressive school women of Indiana, who are doing such effective patriotic work in the public schools.

Hail to the earnest, patriotic, envisioned, women of Indiana! Dauntless in enthusiasm tireless in activity they are the Centennial Standard bearers in 1916.

Women must weep, forsooth!

NOTICE OF BOND SALE

Notice is hereby given that sealed bids will be received at the law office of John A. Tittsworth, in the Law building, in the City of Rushville, Rush County, Indiana, up to the hour of one o'clock p. m. SATURDAY, APRIL 1, 1916, for the purchase of Eleven Thousand Five Hundred Dollars (\$11,500.00) Noble Township, Rush County, Indiana, School Bonds.

Said bonds to be twenty in number dated April 1, 1916, of Five Hundred and Seventy-five Dollars (\$575.00) each bearing interest at the rate of four and one-half per cent per annum, payable semi-annually on the first day of July and the first day of January of each year, and maturing serially as follows: One bond on the first day of July, 1917, and one bond each six months thereafter as above specified. Said bonds have been issued in strict compliance with the laws of the state of Indiana and an order duly entered on the records of the Advisory Board of Noble Township, authorizing the issue and sale of said bonds for the purpose of providing funds for the construction of a new school building in Noble Township, Rush County, Indiana.

Said bonds will be sold according to law to the highest and best bidder for not less than par. The right is reserved to reject any and all bids.

ERNEST R. TITTSWORTH,
Township Trustee, Noble Township, Rush County, Indiana.

Social Calendar

Thursday

Ma Phi Epsilon luncheon with Miss Jessie Kitchen at 340 West Third street.
Social Dozen, with Mrs. Jess Poe at 1012 North Morgan street in the afternoon.
Country Club, with Mr. and Mrs. Alva Webb in the evening.
Merry-Go-Round dinner at noon, with Mr. and Mrs. O. M. Harton south of the city.
Sunshine Embroidery Club at Raleigh, with Mrs. Ed Jackson in the afternoon.
Catholic Aid society business meeting, with Mrs. John Keaton in East Fifth street, in the afternoon.
D. A. R. with Mrs. A. L. Gary at 913 North Harrison street, in the afternoon.
Lurline Council of Pochantas in the Red Men Hall, in the evening.
Uniform Rank, in regular session in the K. of P. hall, in the evening.

The meeting of the Grand Club has been postponed for two weeks.

Mrs. Selman Webb of this city has received and accepted an invitation to attend the reception which will be given in Indianapolis on Thursday, March 23rd, in honor of the Great Minnehaha of the order of Pochantas.

Mrs. Walter Duke and her guests, Mrs. John Dunbeck and daughter were entertained in Falmouth yesterday by Mrs. Wilbur Chance. Mrs. Dunbeck and daughter returned to their home in Anderson this morning after a pleasant visit here.

The Elks dance, though a small one, was a jolly one for the couples who attended. An informal program of dances was carried out with the music furnished by Mitchell's orchestra. The one last evening was one in the series which the members of the lodge have been having this winter.

WITH MRS. BLISS

A pleasant afternoon was spent by the members of the Thimble Club when they were entertained by Mrs. Will M. Bliss this afternoon at her pretty home in North Perkins street. Conversation and sewing engaged the afternoon hours which were brought to a close by the elaborate luncheon which the hostess served. About ten guests were included in this congenial company.

DINNER PARTY

A congenial crowd of friends were the guests of Miss Bessie Morris and James Morris at their hospitable country home north of the city last evening. A delicious 6 o'clock dinner was served to the guests who enjoyed a merry evening together as well. Those enjoying the hospitality of Mr. and Miss Morris were Mr. and Mrs. Earl Horton, Mr. and Mrs. Clifford Brown, Mr. and Mrs. Ray-

mond Gartin, Mr. and Mrs. Chase Cross and Miss Carrie McManus.

That the grand march for the Calico Ball will begin promptly at 8:30 is the word received from the committee in charge of the ball. Each lady is asked to bring a necktie which matches the dress she is wearing. This suggestion for a feature dance is only one of the clever ones that have been planned to add to the merriment of the event. Mitchell's orchestra is promising an unusually new program of musical numbers for the dancers.

PSI IOTA XI

The small attendance at Psi Iota Xi meeting last evening, when the members met with Miss Hannab-Morris at her home in East Sixth street, did not prevent the guests from enjoying a delightful evening. The short business session was followed by a merry social hour which was made more enjoyable by the service of a prettily appointed luncheon. The next meeting of the sorority will be in the form of a pitch-in supper which will be served by the first division.

HONORING STUDENT

Mrs. Ralph Payne is entertaining a charming company of young people at her beautiful home in North Harrison street this evening in honor of her son, Wallace Payne who is home from Western Military Academy in Alton, Ill., where he is attending school this year. The plans are for an informal dance to the music of the Victrola, when the young couples will no doubt have a merry time dancing in and out through the rooms of the home. The guest list includes the Misses Helen Frazee, Dorothy Sparks, Lois Reeves, Dorothy Mulno, Esther Anderson, Mary Louise Bliss and Burton Cox, William Sexton, Hubert Alexander, Wilbur Cox, and Lawrence and Wallace Payne.

From the word received from those in charge of the St. Patrick's dance to be given in the Phi Delta Theta hall tomorrow evening by the members of the fraternity, this will surpass all their previous balls in gaiety and brilliance. Invitations have already been accepted from Indianapolis, Greensburg, Shelbyville, Richmond and Connorsville. The music, too, is promising for with Sherman's Orchestra is the pianist, C. D. Crabb, who is a composer as well. Four pieces will furnish the music which will be added to materially by the cabaret solos which Dr. Hale Pearsey will sing. Other feature numbers will also be on the musical program. The dance will begin promptly at 8:30.

PITCH-IN SUPPER.

A pitch-in supper was the form of entertainment which a number of the friends of Mr. and Mrs. Alva Aiken enjoyed at their pretty home north of the city last evening. An inexhaustive menu made up the elaborate supper, in which each of the guests had a hand in making a success. Cards and music made the hours following the supper lively and pleasant ones for the guests, who included Mr. and Mrs. Fred Bell and family, Mr. and Mrs. Homer Nash and daughter, Mr. and Mrs. Jesse Morris, Mr. and Mrs. Pete Hollowell, Mr. and Mrs. Al Sharp, Mr. and Mrs. Morton Hinchman and daughter, and Mrs. Leona Myer.

OLD STYLES DISPLAYED

The Style Show given at the United Presbyterian church last evening was quite a surprise to those in attendance for instead of the extreme gowns of today, the graceful and picturesque ones of the olden days were displayed. The room was arranged with a long promenade for the models who walked in front of the audience. Beginning with the styles of some thirty or forty years ago, every period up to the present was displayed in the pretty costumes which included forty or fifty that the different models wore, who included, Mrs. Harry Kramer, the Misses Alma Green, Marie Clawson, Anna Waite, Florence Elliott and Elsie Frazee. Old tunes were played on the violin and guitar by John A. Spurrer and Arie Taylor during the show, and helped in adding the old time atmosphere. Favors of flowers were given those who attended and light refreshments were served during which time the entire crowd had a social and informal time together.

We Give 24 Green Trading Stamps

Wirthmor and Worth Waists, new every month. Without question the best waists on the market at \$1.00 and \$2.00.

An Abundance of Silks

The premier in the fabric field today is silk, the most desirable material for costumes, dresses, skirts, waists and coats. Our buyers personally selected in the New York market scores of patterns that are the last word in style and coloring, and we invite you to view this display. Our selection of striped taffeta is meeting with splendid approval, as evidenced by our patrons' daily expressions of admiration and their liberal patronage. Our advice is, buy silks at today's prices.

36 inch Striped Taffeta a yard	36 inch Silk Poplins a yard	36 inch Faille Silks a yard
\$1, \$1.25, \$1.50, \$2	85c, \$1.00 and \$1.25	\$1.50 and \$1.75

There is an elegant showing of Gros de Louvre, messaline, crepe de chene, taffeta, charmeuse and faille crepe in all the new shades, including flesh, rose, silver gray, Calot and Joffre blue, rooky, wisteria, bottle and bay leaf green. A splendid assortment, too, of fancy striped crepe de chene and tub silks for waists. Then there are beautiful georgette crepes, chiffons and marquisettes in many of the wanted shades. Good to look at, too, are the washable satins for underwear.

We are pleased to announce the arrival of scores of beautiful Silk Waists. See them tomorrow.

New Suits, Coats and Skirts are arriving by almost every express. Clothe yourself for Spring now.

THE MAUZY CO.

MISSIONARY MEETING

"The Home Mission School, a Stimulus to Better Living," was the subject in the leading part of the program at the meeting of the Missionary society of the U. P. church, held with Mrs. George Puntney this afternoon. The paper on this subject was read by Mrs. W. J. Waite who brought out some convincing facts on the results of Home Mission work. Devotions were led by Mrs. William Higgs and a short business session followed. Dainty refreshments were served during the social period of the meeting.

INDIANA DAY

Indiana Day will be observed by the members of the D. A. R. when they are entertained by Mrs. A. L. Gary at her home at 913 North Perkins street tomorrow afternoon. An interesting afternoon is promised with the following program which will be carried out.

Solo—Mrs. Will Amos.

Reading—Suggestions from the D. A. R. state conference for the celebration of our anniversary—Mrs. Lew Oneal.

Reading—George Roger Clark—Mrs. A. L. Gary
Vocal solo—Indiana—Mrs. Will Amos.

Reading from Riley—Mrs. Ralph Payne.

Essays from the history contest by the D. A. R. in the local high school.

Rush county—Janet Dean.

The Pioneers of Indiana—Josephine Scholl.

The State Capitol Removed to Indianapolis and the Constitution of 1850—Beatrice Wilson.

The hostesses who are assisting Mrs. Gary for tomorrow afternoon are Mrs. C. A. Mauzy, Mrs. Wilford Grindle, Mrs. Mary F. Payne, Mrs. Mary Alexander, and Mrs. Mary Cotton of Manila.

WITH PYTHIAN SISTERS

About a hundred people enjoyed the hospitality of the Pythian Sisters who entertained with a card party in the spacious but home-like rooms of the K. of P. hall last evening. Each of the members of the order had invited several guests and as a result a merry company assembled. Rook and progressive euchre were the card games of the evening, into which practically all of the guests entered with a vim of pleasure, and were interspersed with a short program by Miss Norma Smith. When the card tables were then spread with lunch cloths, and clever St. Patrick napkins and favors of shamrocks were passed, a one-course luncheon was served. It was especially delicious in these pretty surroundings. A clever contest, which, tested the wits of the liveliest, contained names of auto-

mobiles hidden in sentences. The bean race also was the cause for jollity in watching the contestants pick up the row of beans which had been placed at regular intervals along the smooth floor. The tables being cleared away, the couples entered into the informal program of dances for which lively musical numbers were furnished by Mrs. Fred Cochran at the piano. And thus, waltz circles, Kentuckies and other dances which helped make the affair a jolly one brought the round of pleasure to a close. The committee which planned and executed this successful affair was composed of Mrs. Noley Newkirk, chairman, Miss Laura Trussler, Mrs. Laura Billings, Mrs. Selman Webb, Mrs. Daisy Wilkinson, Mrs. Dora Ferguson, Mrs. Edith Hall and Mrs. Mable Flint.

BARTLETT-BOREM

The wedding of Miss Rhoda Alice Bartlett and John Maurice Borem has been announced. It took place February 12th, when the couple was married by the Rev. C. M. Yocum at the parsonage, and up to this time has been kept secret. Mr. and Mrs. Borem will make their home with the bridegroom's parents, Mr. and Mrs. John Borem.

During the opening song service, Clarence E. Lane and Dr. Frank Sparks sang a beautiful duet entitled "Oh, it is Wonderful."

Mother Tells How Vinol

Made Her Delicate Boy Strong.

New York City.—"My little boy was in a very weak, delicate condition as a result of gastritis and the measles and there seemed no hope of saving his life. The doctor prescribed cod liver oil but he could not take it. I decided to try Vinol—and with splendid results. It seemed to agree with him so that now he is a strong healthy boy."—Mrs. Thomas Fitzgerald, 1090 Park Ave., N. Y. City.

We guarantee Vinol, our delicious cod liver and iron tonic, for run-down conditions, chronic coughs, colds and bronchitis. F. B. Johnson & Co., Druggists, Nashville, Ind. (Advertisement)

church that will draw well. The greatest drawing power in the church is the members who are the product of the grace of God.

"The invitation is broad—the spirit calls; the church calls; he that heareth or he that is new in the kingdom calls; whosoever will may come. It is marvelous how God can use a man with little capital, little talent, little money, little training and education. God can use everybody if they will be used."

Last night's meeting closed with the congregation singing, "Whosoever will, whosoever will," send the proclamation over vale and hill; 'tis a loving Father calls the wanderer home; 'Whosoever will, may come.'"

MACHINIST SAYS HE IS WELL MAN

"Tanlac Has Worked Wonders For Me," Charles Miller, of Muncie Declares.

Muncie, Ind., March 15.—Charles Miller, a well-known Muncie machinist, who lives at 1051 West Tenth street, is one of the thousands of people who have been relieved by Tanlac, the Master Medicine, that is being used so widely in Indiana. He said recently:

"For eight years I was in a run down condition. I suffered from intense pains in my stomach, had frequent palpitations of the heart and terrible headaches, and was in a nervous, bloated, constipated condition.

"Tanlac has worked wonders for me. I have been taking the medicine only a short time, but already I have been greatly relieved. The palpitations of the heart and the headaches are gone, and the constipated condition has disappeared. Tanlac has made me well man."

The words of such a well known man of the community as Mr. Miller, with the reputation he has for honesty and integrity, added, as they are, to the testimony of thousands of others, should prove the merits of Tanlac. Tanlac is especially beneficial for people suffering from run down conditions and is excellent for stomach, kidney and liver troubles, rheumatism, nervousness and the like.

Tanlac is sold exclusively in Evansville, at F. E. WOLCOTT'S drug store. (Advertisement)

Every holiday has its share of festivities apropos of the season; but now that St. Patrick's day is approaching, it has inspired several hostesses to make use of the clever little souvenirs which bring with them a breath of Ireland, in the appointments of their affairs. Tomorrow and Friday are both full of episodes, each of which will bring gaiety to the guests. Several of them are:

Miss Jessie Kitchen is entertaining the members of her musical sorority, the Mu Phi Epsilon, the majority of the members of which live in Indianapolis, at luncheon at her home in West Third street. In addition to the hospitality of the hostess, the girls, who are all blessed with musical talents, will bring some of their entertainment with them. Too, Mrs. Jesse Poe will give the members of the Social Dozen a glimpse of Erin's Isle when she entertains them at her home tomorrow afternoon. The members of the Country Club will celebrate the holiday with one of their usual jolly meetings at the home of Mr. and Mrs. Alva Webb; while the Merry-go-Round Club will dine with Mr. and Mrs. O. M. Harton, and their merriment will profit by the coming holiday. One of the social circles of Raleigh, those included in the Sunshine Embroidery Club, have prospects for a gay time when they are entertained tomorrow afternoon at the home of Mrs. Ed Jackson.

And on Friday, dancing will take the precedence over entertainment. One of the balls will be given in the form of a Leap Year party by the ladies of the Social Club. From all indications, the name "Calico Ball" will be carried out to the last detail and the usual ball gowns will be replaced by simple calico frocks. About thirty-five couples are expected to take part in the jolly party for which the music will be furnished by Mitchell's Orchestra. Too, the Phi Delta Thetas and their friends are dancing in the Phi Delta hall tomorrow evening. From the number of out-of-town guests that have signified their intentions of coming, in addition to the lovers of dancing here, there will no doubt be a large crowd present to enjoy the affair. The clever invitations are in bright green and headed with a miniature shamrock.

PRINCE ALBERT

the national joy smoke

is the real tobacco for jimmy pipes and makin' cigarettes

Copyright 1916 by N. J. Reynolds Tobacco Co.

Get a Fresh Start!

For men who got away to a false start on a pipe or home-made cigarettes Prince Albert has a word or two for what ails their smokeappetites!

Forget you ever tried to smoke, for Prince Albert is so different, such a fine flavor, so cool and cheerful and friendly, you'll get a new idea of smoke joy! The patented process fixes that—and cuts out bite and parch!

And this little preachment is also for men who think they're on the right track. All to be said is that the sooner you lay out a nickel or a dime for a supply of Prince Albert, the sooner you'll make a discovery that'll be worth a lot to your peace of mind and tongue!

Get the idea of smoking all you want without a comeback—that's P. A.!

R. J. REYNOLDS TOBACCO CO., Winston-Salem, N. C.

On the reverse side of this tidy red tin you will read: "Process Patented July 20th, 1907," which has made three new smoke pipes where one smoked before!

JOHN BULL SAYS INDIA IS LOYAL

Despite Reports England's Largest Dependency Will Not be Turned Into a Republic.

IS AS FIRM AS GIBRALTAR

War Has Served as Test to Stability of British Rule, Official Declares.

INDIA IS LOYAL. For months, the World has been flooded with unauthenticated reports that India, England's greatest colonial dependency, is on the verge of complete revolution. It has heard from dozens of sources that India will emerge from a bloody struggle during the European war, to be the World's largest republic.

BY WILBUL S. FORREST. (U. P. Staff Correspondent.) London, March 1.—(By Mail)—"What is the real truth about India?" This question was asked by the United Press today in a quarter of official London in such close touch with India; day by day, that the answer cannot be regarded as other than official. The answer was: "India is as firm as the rock of Gibraltar."

"The present war has served as the supreme test of the stability of British rule in India. There are 330,000,000 people in the Indian Empire and consequently some strife is inevitable, in times of peace as well as in times of war. The responsible heads of the various castes, members of the Indian council, always are critical of the government, but they are as loyal as any British statesman who criticizes his government on the floor of the House of Commons."

"An example of this loyalty is shown in the fact that the Indian Council, at the beginning of the war, agreed that India should shoulder a heavy burden of the expense. India is doing this, but the burden is not forced by England, as has been alleged. The burden is assumed voluntarily. Indian Princes throughout the Empire have in many cases voluntarily given large amounts from their treasure stores to help the home government. Indian native troops have gone to almost every front and fought with traditional native vigor, bravely bearing all the hardships of campaigning without a murmur."

"The native of India today is thoroughly loyal to King George V., whom he looks upon as his King-Emperor. This is not entirely due to British rule in India. It is explained by the psychology of the native mind. Indians of all castes believe Kings are made through the workings of something more than human intelligence. A King, therefore, who rules the Indians, whether he is the King-Emperor or a native king, does so by reason of the fact that he has been so designated by something akin to the supernatural. The fact that a King rules India establishes in the native mind that King's right to rule."

"If India's 330,000,000 people were inclined to revolt, the time for revolution would be during the greatest war. Every Indian knows this and still there has been no concerted effort to break away from British rule."

"Indian man power and money power will continue to aid Great Britain throughout the war and in future wars if necessary. There is nothing to worry about in India."

HER IDEA OF EDUCATION. (By United Press.) Cleveland, March 15.—Mrs. Virginia D. Green, member of the school board, thinks it is all right to teach arithmetic in the grade schools by studying baseball percentages and geography by following the big leagues on their meanderings about the country.

HIGH FINANCE TO BE REVEALED

Some of Wallingford Type Will Come to Light in E. M. Hinshaw Case, It is Promised.

JUDGE SPARKS. PRESIDING

Trial of Cicero Bank President For Embezzlement and Conspiracy Opens in Noblesville.

(By United Press.) Noblesville, Ind., March 15.—That Indiana will be treated to a story of high finance of the Wallingford type, was the prediction today of attorneys representing the state when the trial of E. M. Hinshaw got under way. Hinshaw was president of the Farmers' and Merchants' National bank of Cicero when it went to the wall. Judge Will M. Sparks of Rushville presided as special judge. The trial will require a month.

This trial, the attorneys said, promises to be the most celebrated of a series of criminal prosecutions on indictments that resulted after the Hamilton grand jury investigated the failure of three Hamilton county banking institutions. George Bowen, one of the indicted men and president for many years of the Hamilton Trust Company, has been convicted of embezzlement and sentenced to serve from one to fourteen years in the state penitentiary, to pay a fine of \$500 and to suffer the penalty of two years disfranchisement.

Hinshaw is facing indictments charging embezzlement, larceny and conspiracy. Under the conspiracy charge, it is said, the attorneys for the state expect to bring forth their most remarkable evidence.

With Hinshaw and Bowen were indicted John L. Hinshaw, Elmer L. Sturtevant and others.

Failure of the three banks was the cause of much misery to Hamilton county people who lost their savings, but this was for a time lost sight of during the Bowen trial when stories of amazing financial transactions were told.

What Hinshaw's defense will be is unknown except to the extent that he will urge that his institution was acting under state laws and was being passed upon as in satisfactory condition by state bank examiners.

The state alleges that the failure of the Hamilton Trust company, of which Bowen was the principal organizer, brought down the Cicero bank and the People's State bank of Arcadia, and the closing of the doors of a bank at Carmel, which has since resumed business. The state alleges that frenzied finance brought on the failures.

The defense throughout the Bowen trial contended that E. M. Hinshaw, the defendant in this trial, was the cause of all of Bowen's troubles. Bowen's defense introduced as evidence eight checks given by Hinshaw on the Fidelity Trust Company of Indianapolis. The story of these checks as told by one of Bowen's attorneys was that Hinshaw as president of the Cicero bank told Bowen that the Farmers and Merchants bank had on deposit with the Fidelity Trust Co., \$17,000 which he wished to transfer to the Hamilton Trust Co. because he wished to keep the money in Hamilton county. According to Bowen's attorney, Bowen thought this a good piece of business and issued to J. L. Hinshaw certificates of deposits to \$17,000.

The defense contended that E. M. Hinshaw indorsed these checks as president of the Cicero bank, withdrew whatever amount was in the Indianapolis institution, and that when Bowen tried to cash the checks given on the Fidelity Trust Co. they were not paid. Bowen's defense admitted that he then accepted worthless securities issued by Hinshaw's company, and that this was the beginning of the end of the three banks.

DYSPEPSIA OF WOMEN

Special Treatment Required.

Many women suffer from a form of indigestion or dyspepsia which does not yield to ordinary treatment. While the symptoms are similar to those of ordinary indigestion, yet the medicines usually prescribed do not restore the patient's normal condition.

There seems to be a kind of dyspepsia caused by derangement of the female organism. While this appears to be the same as ordinary indigestion it can be relieved only by a medicine which, besides acting as a stomach tonic, is good for female ailments. Read what such a medicine did for Mrs. Williams:—

She says:—"Before I began taking Lydia E. Pinkham's Vegetable Compound I was troubled with dyspepsia and bearing down pains in my back and sides, and after my meals my stomach would bloat up till I could scarcely get my breath. At times I was so weak I could hardly stand on my feet and I looked hollow-eyed and my skin was yellow. Now I have a good color, have gained in every way and can do my work without any pains. I think it is the best medicine on earth for stomach troubles of women."—Mrs. NELLIE WILLIAMS, 31 West 2d Street, New Albany, Ind.

Come Here

Manila.

Mrs. Isaac Mordock went to Indianapolis Wednesday to visit her mother, who is sick.

Mr. and Mrs. E. H. Mahin visited in Arlington Tuesday.

Elbert Gardner of Arlington visited here Wednesday.

Irvin Gray and family have moved to Seymour where he has a right position as operator. Mr. Higgins of Rushville has succeeded Mr. Gray as operator here at the Pennsylvania.

The teachers of Walker township held their last institute at Homer Saturday. Dinner was furnished by the Domestic Science class in charge of Mildred Morris, their teacher.

The Independents were defeated again Friday night by Columbus by a score of 42 to 37.

Mrs. John Smith of Rays Crossing visited here Saturday.

William Inlow of Rushville visited here Saturday.

Mrs. Nettie Willis is visiting her sister, Mrs. Reba Friedman near Cambridge City.

Thos. K. Mull is improving slowly after a severe illness.

Mr. and Mrs. Elmore Barnard went to Franklin Saturday.

The Rev. E. E. Kuhn took dinner Sunday with A. M. Robinson and family.

Mr. and Mrs. Joseph Cotton have gone to housekeeping on Main street.

Mrs. J. L. Webster is sick with la-grippe.

Howard Heaton is able to be in school again after a slight illness.

Glenwood

Mr. and Mrs. Gideon Parker of Andersonville motored to Glenwood Monday and spent the day with Mr. and Mrs. Bert Zimmerman.

William Coon is assisting John Lindquist on his farm.

Mrs. Nick Carr, who has been spending a few days with her children Mrs. Mary Dice and Bert Zimmerman, has returned to her home in Laurel.

Mrs. Clara McConnel who has been ill for some time is better.

Mrs. Bert Chea has returned to her home after a visit with her sister in Muncie.

Mrs. Bessie Combs has returned to her home after a week's visit with friends in Newcastle.

Mrs. William Combs spent Sunday in Connersville with her son Walter Combs and family. She reports the children of the family to be suffering with the whooping cough.

HOW NOW?

St. Paul, Minn., March 11.—The daughter of Mrs. C. F. How married the son of C. F. How here. The bride was Miss Francis Tillotson, daughter of Mrs. Tillotson How. The groom is the son of the bride's mother's second husband. How's that?

Carl Ralston, prominent farmer and stock dealer living southeast of Milroy, has purchased from W. C. Richey his farm of eight-seven acres. The consideration was \$11,310. The farm which is a very fertile one lies adjoining the farm of Mr. Richey.

A CLEAR COMPLEXION

Buddy Cheeks—Sparkling Eyes—Most Women Can Have

Says Dr. Edwards, a Well-Known Ohio Physician

Dr. F. M. Edwards for 17 years treated scores of women for liver and bowel ailments. During these years he gave to his patients a prescription made of a few well-known vegetable ingredients mixed with olive oil, naming them Dr. Edwards' Olive Tablets, you will know them by their olive color.

These tablets are wonder-workers on the liver and bowels, which cause a normal action, carrying off the waste and poisonous matter that once a system collects. If you have a pale face, yellow look, dull eyes, pimples, coated tongue, headaches, a listless, no-good feeling, all out of sorts, inactive bowels, you take one of Dr. Edwards' Olive Tablets nightly for a time and note the pleasing results.

Thousands of women as well as men, says Dr. Edwards, Olive Tablets now and then just to keep in the pink of condition. Dr. Edwards' Olive Tablets are sold in all drug stores for 50c a box—10c and 25c per box. All druggists. The Olive Tablet Company, Columbus, O.

Do Something for your Cold.

Do not let it wear you out and encourage sickness.

Take Dr. King's New Discovery. You will get instant relief.

Most of us neglect coughs and colds. We brush suggestions aside with the remark "It'll be better soon," and often-times we do get better. However, when that cough or cold gets a hold, it usually means annoyance, interference with our work and often a spell of sickness follows. Isn't it better immediately to check that cold and ease the cough? Dr. King's New Discovery does it! Search as you will, you will not find a better remedy.

Dr. King's New Discovery is made of Pine Tar mixed with soothing balsams and laxatives. It's antiseptic and kills the germs, allays the cold-fever and soothes the irritated, inflamed throat. The very first dose gives you relief. You cough with less strain. And if you have a hacking or dry night cough, grateful relief follows and you soon drop into a restful and refreshing sleep. Get a bottle to-day and let Dr. King's New Discovery be your cold and cough doctor. At all druggists.

CHILDREN'S EXHIBIT FIRST OF ITS KIND

Three Organizations Combine at Bloomington to Make Display One Long to be Remembered

TO SHOW PHYSICAL SHAPE

(By United Press.)

Bloomington, March 15.—A children's exhibit, the first of its kind ever held in this state, under the auspices of the extension division of Indiana university, the Federal Child Welfare and the Bloomington Chamber of Commerce opened here Tuesday, and will continue for three days.

The aim is to show the physical condition of the average child. The essential features of a children's exhibition are a physician, some mothers and some children. The physician examines the children thoroughly one at a time, and gives the mother a record card showing the child's development and indicating the suggestions he has made in the course of the conference with the mother as to the care of that particular child.

Plans are being worked out to have many of these exhibits over Indiana, after the conclusion of the one here.

TO UPHOLD HONOR OF STATE

Women Will Add New Members to Charities Body.

(By United Press.)

Indianapolis, March 15.—The honor of Indiana is to be upheld by women, according to Miss Edna Henry, chairman of the membership committee for Indiana, of the national conference of Charities and Correction. The committee met Tuesday for the first time since its organization early in February.

Last year the National Conference of Charities and Correction was held in Baltimore and as an incident to the entertainment of the body, the Maryland social workers obtained more than 600 new members. When Miss Henry was made chairman of the Indiana membership committee, she set the mark at 1,000 and severed notice that her committee would be composed entirely of women.

PEOULIAR FACTS ABOUT WELL KNOWN PEOPLE.

(By United Press.)

New York, March 15.—John D. Rockefeller, Jr., is a family figure to Gotham's subway crowds. He is stockily built and handsome and seems not at all averse to being jammed in among the fighting mobs that mark the rush hours morning noon and night.

Test by Test, Fair Promise to Clear

HEARD AT THE CAPITAL

Washington, Mar. 15.—"We must not let the voters of the country overlook the fact that had the rates of duty provided by the Republican tariff law been in effect during the past two years, on the imports been sufficient to meet all of the received into this country during that period, the revenues would have running expenses of the government notwithstanding Democratic extravagance, and there would have still been a balance left in the treasury." Thus spoke a Pennsylvania Republican Representative. "It shows the difference between the policies of the two parties. The Republican party in times of profound peace has never found it necessary to levy direct taxes on the people. It has always been able to meet ordinary as well as extraordinary expenses by indirect taxation, which has largely been paid by the foreigner. With a depleted treasury and no improvement in sight the Democratic party is face to face with additional problems of taxation, most of which must fall directly on the backs of the people. If the Republican party were in power today, with a protective tariff, there would be no necessity for this, neither would there be a 'war tax' and many other burdens."

"The Republican party will go into the campaign of 1916, united, active, vigorous, and the coming national convention at Chicago, will select a candidate who will meet with the support and approbation of the people," said an Illinois Representative to a group of Congressional friends. "All throughout the country of Democracy and what it stands for. Both the foreign and fiscal policies of the administration have greatly displeased the American people and they are ready to go back to the party which stands for progress and prosperity and which will uphold American honor in all portions of the world. The dilly-dallying and hesitation that has marked this administration in its foreign policy, will cost it thousands of votes. The constant shifting of the views of the President on public questions has shaken the confidence of the people in his stability."

"There is at least an even chance that Oklahoma will swing into the Republican column in the elections this fall, that we will gain two Republican Congressmen from that state, and that many gains will be made by the party in state officers," said a Middle West Republican Congressman to a group of colleagues. "For some time Oklahoma has been heading towards Republicanism. The development of the state has brought in many new residents from the eastern states who are of our party faith. The Democrats, realizing they were slipping, have been endeavoring to disfranchise the negro in that state, hoping to save their bacon, but they made such a mess of it, which ended with the disgraceful row in the legislature a few days since, that public opinion in the state has been stirred by such tactics. It has hurt the Democrats and driven many voters to the ranks of the Republicans, and when November comes do not be surprised if Oklahoma looms up in the list of Republican states. Certainly the indications point that way, and at least two of the present Democratic Congressmen are greatly alarmed over the outlook in their districts."

"Indiana is surely heading towards Republicanism. We will elect a governor, a United States Senator, make a gain of several Congressmen and carry the state for the state for the national ticket. From present indications, Congressman Adair will win the nomination for governor on the Democratic ticket." These were the prophetic words of a member of Congress from that state.

Red Cross Ball Blue, all blue, best bluing value in the world, makes the laundress smile.

Treat Children's Colds Externally

Don't dose delicate little stomachs with harmful internal medicines. Vick's Vapo-Rub® Salve, applied externally, relieves by inhalation as a vapor and by absorption through the skin. Vick's can be used freely with perfect safety on the youngest member of the family. 25c, 50c, 1.00.

VICK'S VAPOR-RUB

EAT LESS MEAT IF BACK HURTS

Take a glass of Salts to flush Kidneys if Bladder bothers you—Drink lots of water.

Eating meat regularly eventually produces kidney trouble in some form or other, says a well-known authority, because the uric acid in meat excites the kidneys, they become overworked; get sluggish; clog up and cause all sorts of distress, particularly backache and misery in the kidney region; rheumatic twinges, severe headaches, acid stomach, constipation, torpid liver, sleeplessness, bladder and urinary irritation.

The moment your back hurts or kidneys aren't acting right, or if bladder bothers you, get about four ounces of Jad Salts from any good pharmacy; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush clogged kidneys and stimulate them to normal activity; also to neutralize the acids in the urine so it no longer irritates, thus ending bladder disorders. Jad Salts cannot injure anyone; makes a delightful effervescent lithia-water drink which millions of men and women take now and then to keep the kidneys and urinary organs clean, thus avoiding serious kidney disease.

Rheumatism Can be Cured

It is not necessary to go to a high priced watering place and drink nasty tasting water. You can cure yourselves right here at home with a remedy that has stood the test for more than 30 years. It acts directly and speedily upon the kidneys, liver and urinary organs and is a wonderful cleanser and tonic remedy. I can refer to many cases who were cured right here in Rushville. Try a bottle of WOLCOTT'S DIURETIC CORDIAL — Price 75c. Remember it must give satisfaction or your money will be cheerfully refunded.

OLD-TIME COLD CURE— DRINK HOT TEA!

Get a small package of Hamburg Broom Tea, or as the German folks call it, "Hamburger Brust Tee," at any pharmacy. Take a tablespoonful of the tea, put a cup of boiling water upon it, pour through a sieve and drink a teacup full at any time during the day or before retiring. It is the most effective way to break a cold and cure grip, as it opens the pores of the skin, relieving congestion. Also loosens the bowels, thus breaking up a cold. Try it the next time you suffer from a cold or the grip. It is inexpensive and entirely vegetable, therefore safe and harmless.

RUB RHEUMATISM FROM STIFF, ACHING JOINTS

Rub Soreness from joints and muscles with a small trial bottle of old St. Jacobs Oil

Stop "dozing" Rheumatism. It's pain only; not one case in fifty requires internal treatment. Rub soothing, penetrating "St. Jacobs Oil" right on the "tender spot," and by the time you say Jack Robinson—out comes the rheumatic pain. "St. Jacobs Oil" is a harmless rheumatism cure which never disappoints and doesn't burn the skin. It takes pain, soreness and stiffness from aching joints, muscles and bones; stops aching lumbago, backache, neuralgia, etc. Limber up! Get a 25 cent bottle of old-time, honest "St. Jacobs Oil" from any drug store, and in a moment you'll be free from pains, aches and stiffness. Don't suffer! Rub rheumatism away.

CHIROPRACTIC

The ONLY science ever discovered for eradication of disease by going directly to the cause. If your case is chronic and have tried everything else without satisfactory results, why not investigate

CHIROPRACTIC

the science of common sense applied to the human machine—not medicine, not surgery, not osteopathy.

Suggests Training Of Boys In Federal School

(By United Press.)

Chicago, Ill., March 15.—An outline of how his proposed Vocational Army training school plan, endorsed by President Wilson, may be economically, efficiently and quickly started throughout the country, has been written by W. D. Boyce of the Boyce publication. In brief, Mr. Boyce suggests a vocational and army training school be added to each state college under federal aid and guidance. Concerning the plan, President Wilson, in his recent western trip, said in part:

"We ought to have in this country a great system of industrial and vocational education, under Federal guidance; and it will be perfectly feasible and highly desirable to add to that and combine with it such training in the mechanism and use and care of arms, in the sanitation of the camp, in the simpler form of maneuver and organization, as will make these same men industrially and individually serviceable for national defense."

"The point about such a system will be that its emphasis will lie on the industrial and civil side of life, so that men will think first of their families and daily work and their services in the economic fields of the country, and only last of all to their serviceability to the nation as soldiers and men at arms. That is the ideal of America." Mr. Boyce in part says:

"To start the Army Vocational Schools, all that is necessary is for the United States Army training barracks (for drilling and living purposes) to be added to the State colleges, with a corps of military instructors, equipment, etc., all of which can easily be provided by the Federal Government. All the expenses of this addition must be borne by the United States, which furnishes board, lodging and clothing for the young men who take the course. The Government does this in exchange for the student's services while he is being trained to be a fit soldier. The State furnishes the instruction in the trade, profession or occupation which the student elects to take. He is put to no expense and he remains in the Vocational Army School two years, or more, going to his classes like any student in a college, but being under regular army discipline and living in barracks. After his graduation he is subject to the call of the United States Government for military service, but he goes into the trade, profession or occupation in which he has been instructed and in which he is a finished product."

"We have frequently called attention to the fact that 85 per cent of the boys of the United States are obliged to go to work to support themselves at the finish of their

common school education, going without the vocational training which they want and need. The Vocational Army Schools would give every boy, whether his parents are poor, well-to-do or rich, an equal chance to get a practical education and at the same time fit himself to help defend his country."

"The Federal Government would be doing only what it now does, in furnishing military instruction, board and lodging, clothing and equipment to its regular soldiers, and at half expense, for it would not pay salaries to the students. The States would be doing only what they should do, in furnishing educational facilities for their citizens. The young men attending the Vocational Army Schools would not be kept out of productive work, as the regular soldiers are. When the soldier goes back to civilian life, his productive capacity is not increased, but when the graduates of the Vocational Army Schools go into their trades, occupations and professions, their productive capacity and earning ability will be increased many fold."

"Under the Vocational Army School plan, 90 per cent of the youths of the United States would become fit men to defend their country in time of need."

LONG TIME FARM LOANS POSSIBLE

Twenty-Year Plan, Popularly Known as Rural Credits Measure, Is Being Used Here.

OPPORTUNITY FOR FARMERS

The twenty-year farm loan plan mortgages are now being issued here. For some time the question long time farm loans has been uppermost in the United States and just now the proposition is before congressional committee at Washington. It is popularly known as the rural credits measure. The plan has been in force in other countries for many years.

It appears now that the long term plan of farm loans will be used in this country because the twenty-year farm loans can now be placed at six percent interest, with no commission; with the understanding that five per cent of the original principal shall be paid at the end of each year. This plan should appeal to those wishing a long time loan, especially since the loan is made with the payments fixed in such a way that should be satisfactory to any borrower.

If it becomes necessary for the borrower to pay his loan in full before the end of five years he may do so, at the end of any year, by special arrangement, by paying small bonus on unpaid principal for the remainder of the five years the borrower may pay \$100 or any multiple thereof at any interest time, and pay interest until time of payment. Interest ceases on all partial payments made. This twenty-year loan plan appears to be the first plan of this character to be placed before the farmers of this community.

WAR ODDITIES.

(By United Press.)
London—One of the most successful plough women among those doing "war farm work" in the Louth district of Lincolnshire previously worked long years in a dry-goods shop.

Liverpool.—An officer in the Royal Flying Corps, home on leave from Northern France, refused to join friends on a hunting trip because he said he knew how it felt to be shot at.

Salonice.—The German consul here, seized by the French, yielded a photograph of the Kaiser garbed in the elaborate uniform of an Admiral of the Russian fleet.

GIANTS HAVE LARGE SQUAD

Some Are Sure of Positions But
McGraw Will Have to Use
Knife Pretty Freely.

TRAINING STARTS OFF GOOD

Has Ten Pitchers in Line and Six
Spills the Beans.

Catchers — Benny Kauff

(By United Press.)

Marlin, Tex., March 15.—Under the broiling rays of the Lone Star sun the Giants of John McGraw are pounding down the stretch of their ante-season siege of preparation. Rookies and regulars alike are tossing that old ball and swatting it's nose with enthusiasm worthy of a better cause, to wit, a regular series with averages and umpires and other mid-season trimmings.

The weather man, barring a few periods of aberration, has been a right reasonable sort of cuss to the Giants and as a result there has been day after day of summer weather through which the clan McGraw pushed itself into form. McGraw has ten pitchers on the ground including Christy Mathewson, Jeff Tesreau and Polly Perritt of last year's hurling force and Anderson, the Federal League star whose showing in training has been one of the most encouraging features of the camp season. Then there are Benton, Schauer, Schupp, Stroud, Palmera, the Cuban and Kramer who look mighty good to the Crown Prince of Mister Coogan's precipice. If McGraw's pitchers live up to his expectations the season will cause him comparatively little worry.

The rest of the team is big enough to be a certain quantity. Behind the bat McGraw has Raridan and Dooin to anchor the staff. There are six catchers altogether but of course it is to be expected some of this number will be out of the big leagues by the time the season opens. The player limit compels McGraw to wield the pruning knife, hard though it may be to part with the promising serfs performing daily in the training games.

The defection of Benny Kauff, caused by some misunderstanding with the management over his demand for a \$10,000 bonus, has scrambled McGraw's outfield map considerably but the manager appears unperturbed by the turn of affairs.

Ten thousand meg is quite some weight on the present scale of prices and McGraw probably figures that in another year, with proportionate declines, he will be able to bring Ty Cobb to his knees with an offer of not more than \$1,500 a year. Burns, Rousch the ex-Fed and Kelley are in the Giants' flocks of outer fielders, consisting of 12 men.

The infield is a grizzled affair in its personnel. Merkle, Doyle, Fletcher and Lobert have been shaving for many summers and can't remember how to blush when maidens fair say "there he goes." Rodriguez and Hunter are first basemen and Brainerd is a veteran infielder. Elsh, Schepner and Martin are three young bloods trying to pry open a place in the infield.

DISTRICT CHAIRMEN MEET

Action Today Completes Organization of Republican Party.

(By United Press.)

Indianapolis, March 15.—District chairmen of the republican party met in this city today to choose officers of the state republican organization. The district chairmen were elected yesterday by the county chairmen who in their turn were recently elected by the precinct committeemen. The precinct committeemen were elected at the state-wide primary.

The action today completes the organization of the party in Indiana, and it is the first time in Indiana history that the voters of a party provided the foundation upon which the organization was built.

GUEFIN DRY GOODS COMPANY

URGES DEALERS TO SELL CLOTH TOPS

Speakers at Shoe Dealers' Convention Declares There is Shortage of Leather.

AND OFFERS THIS SOLUTION

Indianapolis, March 15.—H. V. Hunt, a tanner of Boston, today advised the Indiana Retail Shoe association in convention here to push the sale of cloth top shoes and help along the movement to make them popular.

The war in the old countries, and the fact that calf skins, from which uppers are made, must be stocked up in the spring and therefore have but one season when the demand is for all the year round, were given as reasons.

"Calf skins are like strawberries," he said. "They must be plucked when they are ripe. That means in March, April and May, with the supply dwindling until in December it reaches the lowest point of all, and unfortunately this is when manufacturers demand the most for the coming season."

"The biggest portion of the European stock came from Russia, which of course is not producing hides to any extent now."

"The present high prices of calf leather," he said, "will look very cheap soon, unless the use of other materials became very extensive."

OPEN NOSTRILS! END A COLD OR CATARRH

How To Get Relief When Head and Nose are Stuffed Up.

Count fifty! Your cold in head or catarrh disappears. Your clogged nostrils will open, the air passages of your head will clear and you can breathe freely. No more snuffing, hawking, mucous discharge, dryness or headache; no struggling for breath at night.

Get a small bottle of Ely's Cream Balm from your druggist and apply a little of this fragrant antiseptic cream in your nostrils. It penetrates through every air passage of the head, soothing and healing the swollen or inflamed mucous membrane, giving you instant relief. Head colds and catarrh yield like magic. Don't stay stuffed-up and miserable. Relief is near.

EXPECT BOOM IN MINING COUNTRY

High Price of Metals Will Undoubtedly Create Business in Colorado, It is Said.

AWAIT OPENING OF SPRING

(By United Press.)

Denver, Colo., March 15.—With the opening of the Spring season, Colorado expects to experience a big boom in mining. High prices in all metals and ores and the falling off in imports of minerals due to the European war is already showing its effects in record activity among Colorado's mining camps. The tungsten fields of Boulder county remind old timers of the early days in Cripple Creek and Leadville. Fortunes have been made in the tungsten fields and the increased demand of this ore for hardening tools promises continued prosperity. Zinc, which doubled its output in the state last year, is keeping up its record production.

Good prices for silver has resulted in a renewed interest in that metal. Experts predict a big rise in the price of silver at the close of the war, based on the belligerents' great need of silver for a medium of exchange since America is in possession of a large part of the world's gold supply. Gold production continues to show remarkable staying powers in Colorado. Rich strikes on old properties are frequently reported. Experts predict that the value of Colorado's minerals mined in 1916 will exceed that of any year in the state's history.

Notice of Election.

Notice is hereby given that the Annual meeting of the shareholders of Building Association No. 10 will be held at the office of the Association on Thursday, March 16th, at 7:30 p. m., for the purpose of electing a Board of Directors and for the transaction of such other business as may properly come before the meeting.
